Lives of Bentleyites

Motion . . . movement . . . change . . . what could better characterize this fantastically fast whirling world of ours? The 1968-69 school year inside Bentley and out was typified by motion. The PIONEER'S theme of perpetual motion is appropriate not only for the physical change and movement at Bentley, but also for the changing world around it.

Motion is a concept which is associated with youth and the school years. Students are moving and advancing towards their hard-sought diplomas. A change is seen in the students' physical and mental growth from the time they enter Bentley to the time they graduate. The many demands of the society which the students live in reflect motion.

Bentley's school year was no exception to this motion, progress, and change. Students' outlooks and views have changed; their scholastic standing has progressed, and the old school's walls have literally been moved this year. To reflect this year of progress, the 1969 PIONEER has as its theme 'Perpetual Motion'.

Revolve Around Motion

Donna. I don't know you too well so I can not say anything bad. Hope you stay nice and sweet and all the luck will come your way

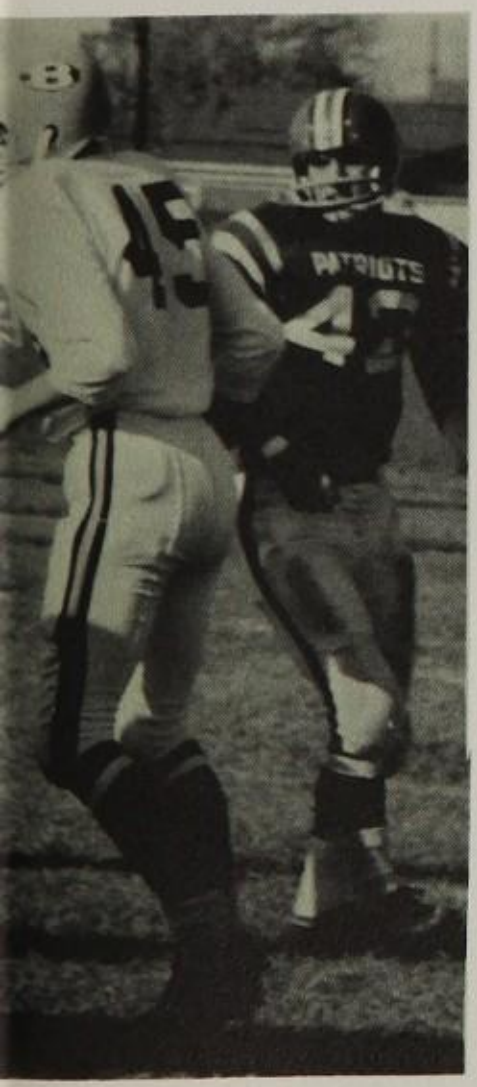
Physical Fitness Keeps Students on the Go

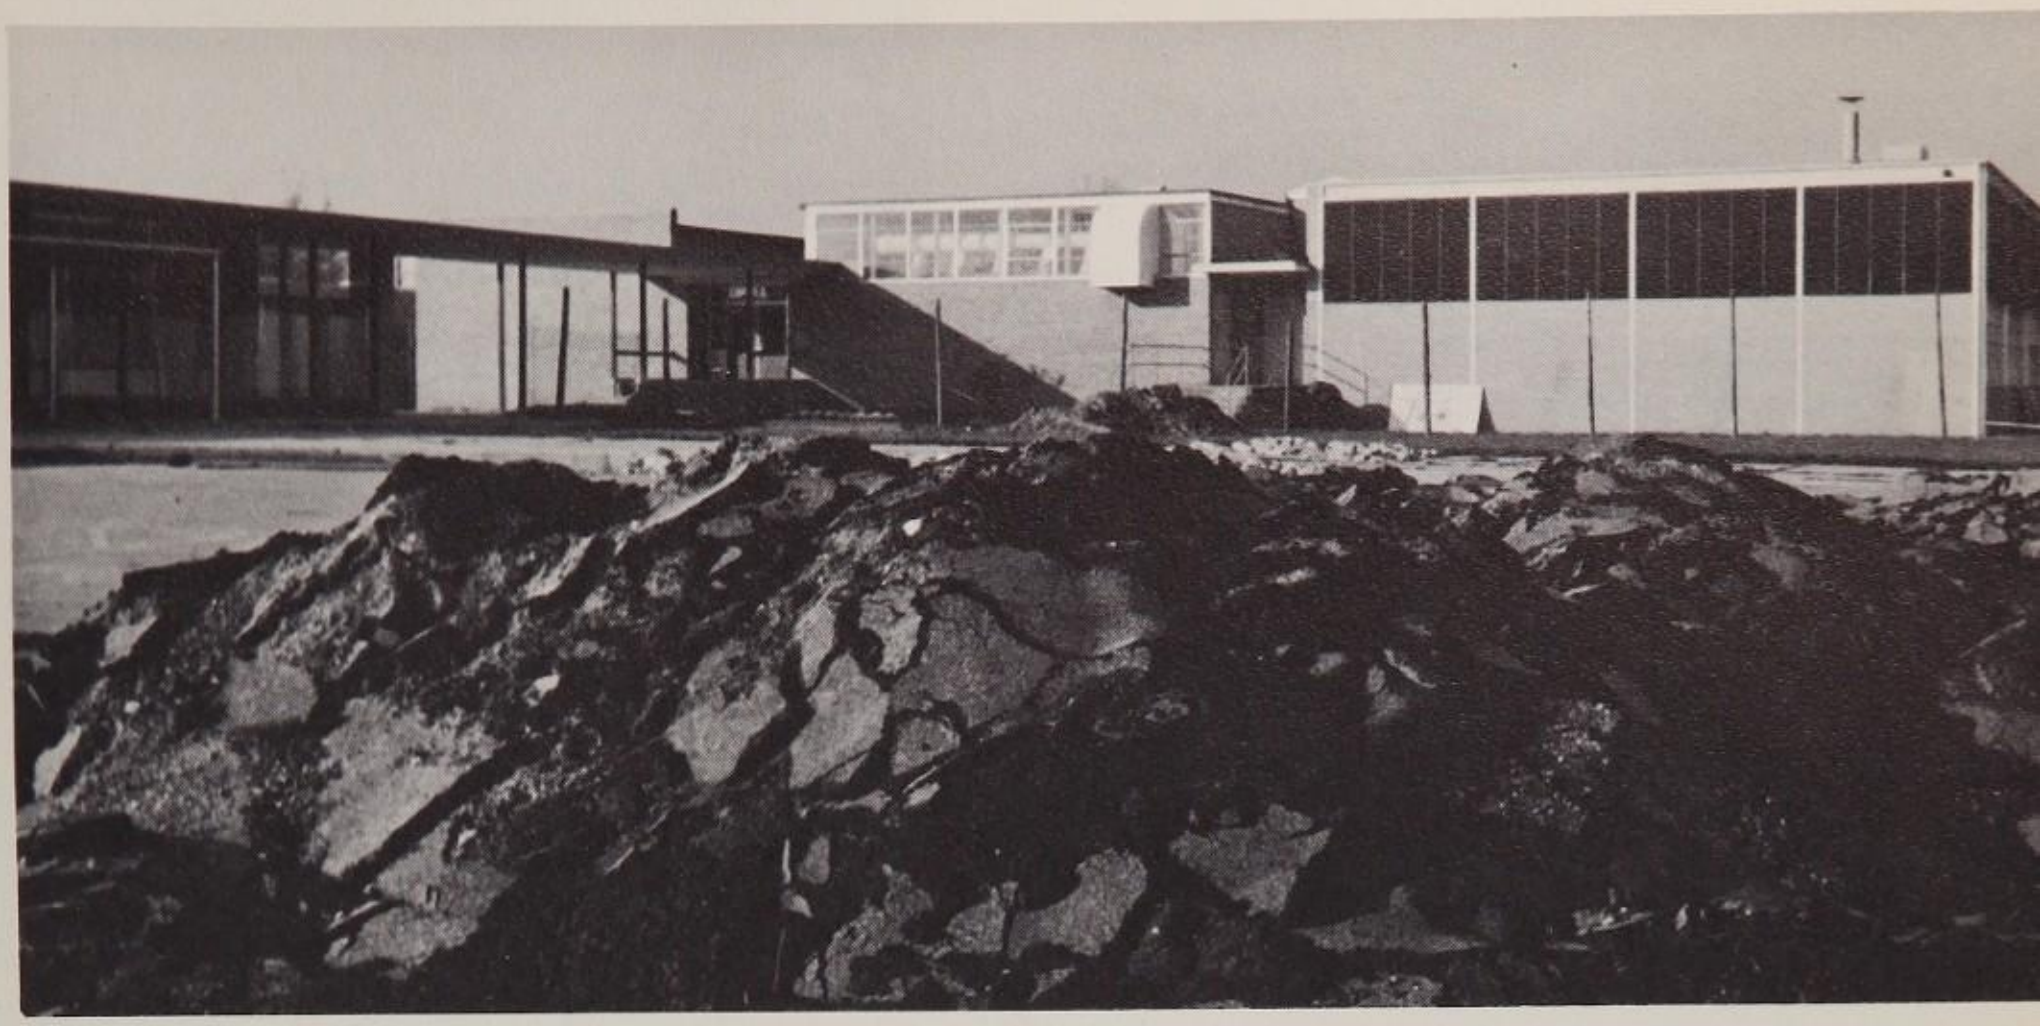


The past school year had many examples of physical accomplishment. The accent on physical fitness, as shown in the many jogging clubs to and from Bentley, was quite evident. The fantastic success of our Detroit Tigers must go down as one of the unforgettable highlights of the year. Stickers of "Sock it to 'em" dotted the cars in Bentley's student and faculty parking lots.

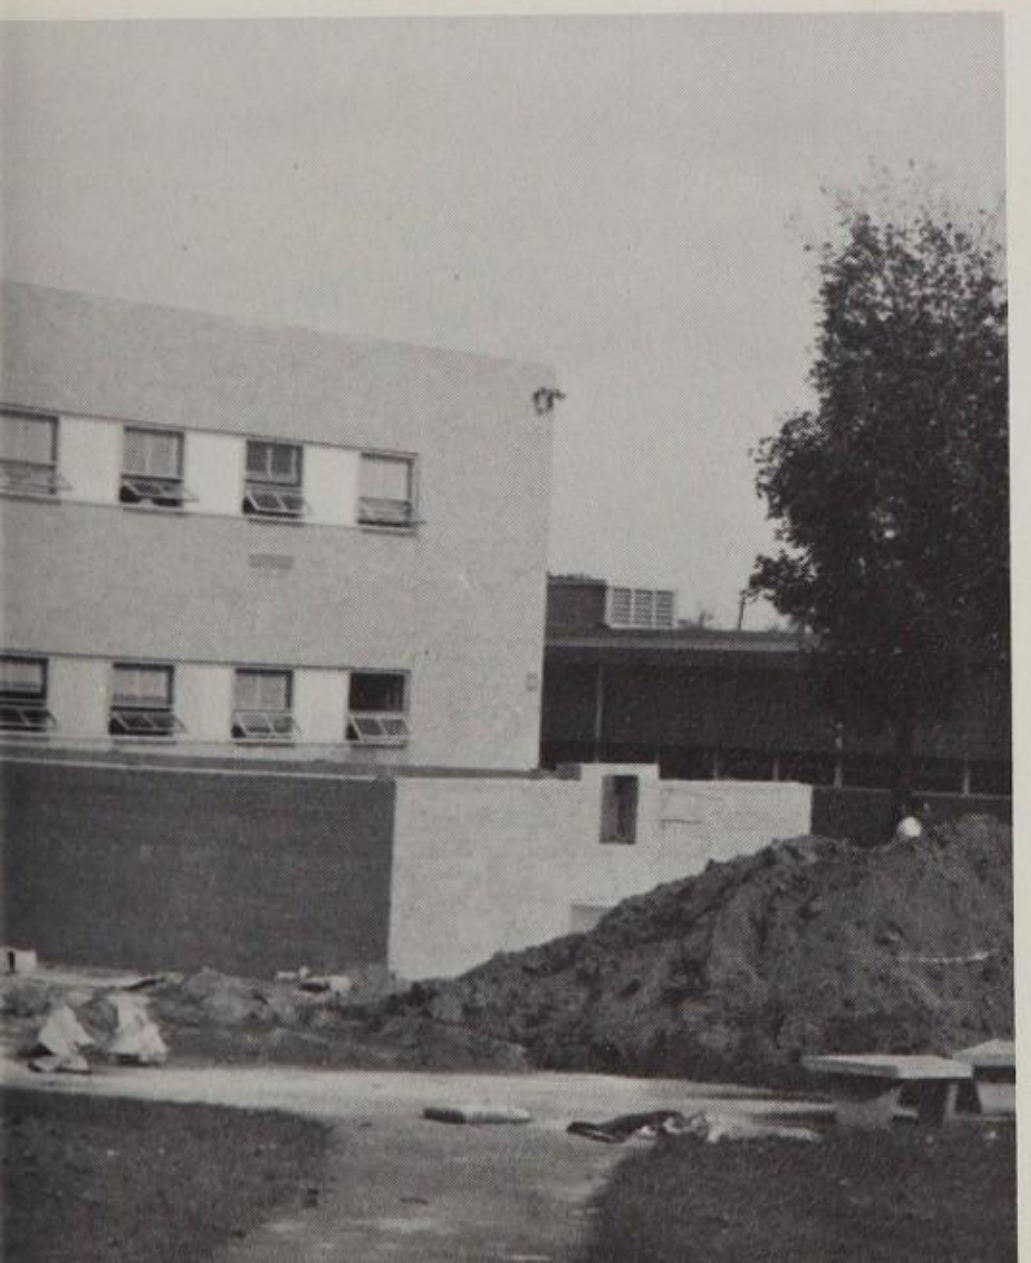
With motion in mind, we must recall the awesome feats of our astronauts as they make human life on the moon more than mere science-fiction fantasy.

Bentley High School, once again, showed its way to an accustomed leadership in physical activities and athletics. Bulldog athletic teams, both boy and girl, retained Bentley's respectable position, for yet another year. The hours of motion in practice and actual competition for members of the GAA, the school's varsity teams, and intramural teams are spent, but can never be completely forgotten.

Expansion of the School Accompanies



Expansion of the Minds



Individual Interests Grow at Bentley

Despite the constant change and impersonal unattachments, the individual and his personal feelings are most important to anything that is really meaningful. Bentley's students may have felt a little inconvenienced by the physical changes which intruded on our old traditional walls. This impersonality was temporary, and the individual became most prominent once again at the old school.

The 1968-69 school year was one of individual concerns. The school year encompassed the election of a new President, turbulent student protests for many reasons, and several other examples of individual value. It appears a bit ironic that while such terms as mass transit, mass communication, and mass education have become key words in our daily transactions, the struggle for the individual to be heard and seen is all the more evident. The 1969 PIONEER will bring the role of the individual in motion pictorially to the reader.

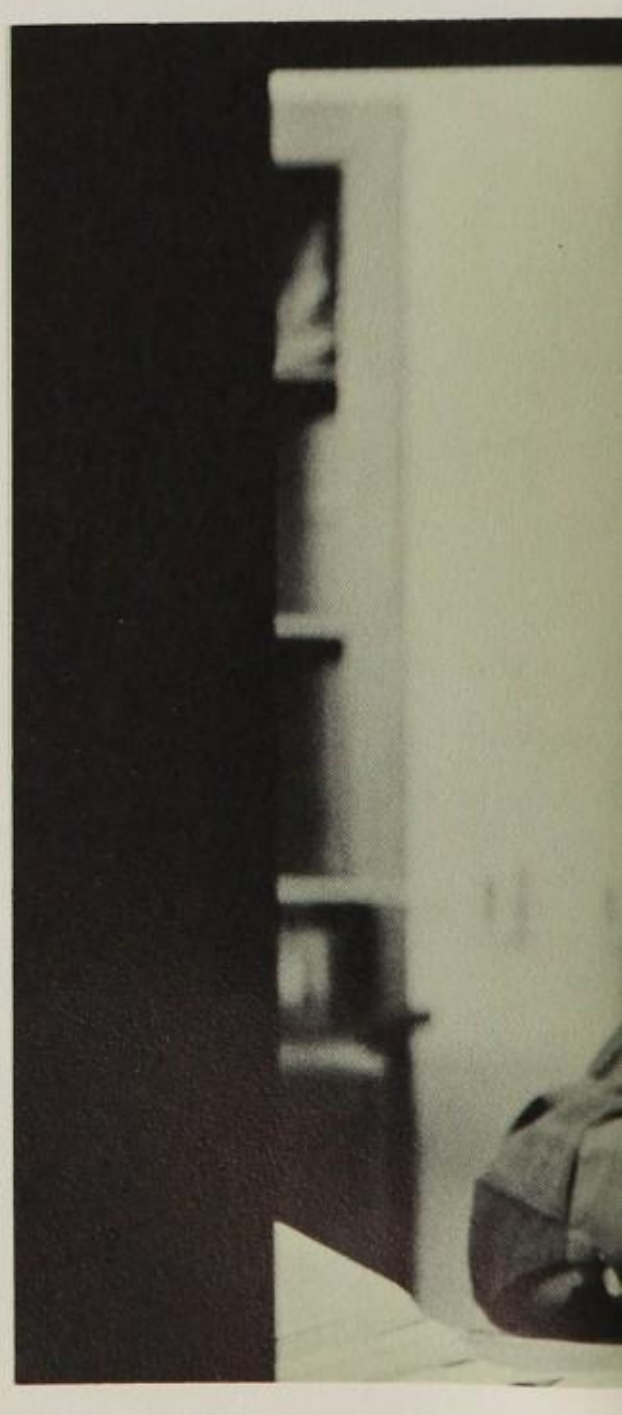
ACADEMICS



Board of Education, Central Office,

Mrs. Joiner and Mr. Craft discuss one of the many problems of our community.

The Livonia Board of Education deals with the overall problems of our moving community. One of the largest problems this year is the financing of Livonia Public Schools. With more than 33,000 students this is quite a problem. Statistics show that approximately 2,000 students are added to enrollment each year. With our growing community the number of students will also grow each year.

Meetings of the Board are held regularly every Monday night. Both students and parents are urged to attend to present their views and listen to the views of the Board members. The main topic of these meetings is the educational problems.

Meet Livonia's School Challenges

Mr. Benton Yates, Superintendent of Livonia Public Schools pauses at his busy desk for a moment's reflection.

The Central Office of the Board of Education is concerned with the larger education problems. They have to keep pace with the curriculum change in the district's almost fifty schools. There is a fourth new high school under construction at the present time.

Mr. Benton Yates is planning to retire in 1970. Mr. Rolland Upton is the man designated to take his place in this high position as Superintendent of Schools.

The Central Office, working together with the Board of Education members, are out to perfect Livonia's school system.

Administration and Secretaries Keep Bentley

The task of Bentley's administration staff is an extremely hard one. They have the responsibility of operating a large, modern high school by combining management and consideration for the education of the student.

This year the administration has been organized differently than in previous years. Mr. Zack, our new principal, hires new teachers and is responsible for the entire school. The three assistant principals; Mr. Hudnut, Mr. Kremkow, and Mr. Waldfogel are principals according to alphabetical portions of the student body and concern themselves with the welfare of all three grade levels.

The secretaries in all of the offices also work very hard to keep Bentley in motion.

Facilitate Motion

The movement and change in Bentley is found not only in the classrooms and courses, but also in the chairmen heads and directors. New chairmen can be found in the departments of Art, English, Counseling, and Music. New directors were selected for Instructional Materials and Student Activities.

The purpose of these individuals is to coordinate the different areas of education, supervision, instruction, and activities at Bentley during and after school. One hour of the department head's school day is set aside to perform these specific tasks for his department. The department heads and directors are the people who are largely responsible for the smooth running program at Bentley.

Improving Organization

There was a change for the counseling department this year. In the past, different counselors were at each grade level office counseling the students of that particular grade level only. Now there is a central office for counseling which is located in the West hall. All of the counselors have their offices here and each counselor works with students from all grade levels. Which student to which counselor is determined by the first letters of the last names of the students.

The friendliness of the counselors is very apparent along with their willingness to help the students of Bentley. They are devoted aides of today and guides of tomorrow.

Active School Day

The daily custodial work of a school even gets down to the pipes.

The Kitchen Staff of Bentley High is one of the hardest working in the school. Besides working all morning preparing salads and lunches, they also collect the money for lunches and wash off tables after lunch is over. They must be sure that lunches are well-balanced for both faculty and students.

The Custodial Staff is one which the school could not do without. Of the many jobs they do each day — fixing lockers and flickering lights are a large part. There are two shifts of this staff. One works during the school day and the other comes at night to clean up after night school and school activities. Without them we would not have most of our after school activities.

Work World

The Business Education Department teaches many skills which are necessary for the tomorrows of the near and distant future.

The course range is a wide one including such subjects as; typing, bookkeeping, retailing, shorthand, and data processing.

These skills are put into motion through Co-op which offers the student a chance at true work experience. In this program the person goes to school for four hours and then has first hand experience at a job. The student works for an hour or more each day at a job out of school.

There is also an opportunity for work within the school in an office or a department assistant.

These first hand experiences help the individual in deciding their future.

The skills and knowledge gained from these courses may develop into a career or aid the student in his future education.

The light shines upon the hands of youth at work, displaying their eagerness to put their knowledge into action.

Summer Workshop

Bentley's Math Department constantly progresses. This year the Math Department came back from the summer workshop having accomplished much. They came back with new ideas of teaching such as the new management in Basic Algebra. In this class the student is given the opportunity to work in the book at his own speed or work on a project. The student is graded by means of student teacher evaluation.

There is the possibility of a math book written by four of Bentley's math teachers to be published for Numerical Geometry by next year.

The first state testing for this year was on November 20th and the second testing was on January 8th. You must pass the first test to go on to the second. Eighty-four students participated in the first testing, less than most years. Some math teachers said this was due to the frustration of students who took it before.

The course range at Bentley keeps widening with no exception to this department. This year courses were offered ranging from Refresher Math (which is skill building) to Advanced Placement III (Calculus), some colleges accept this course as a college credit.

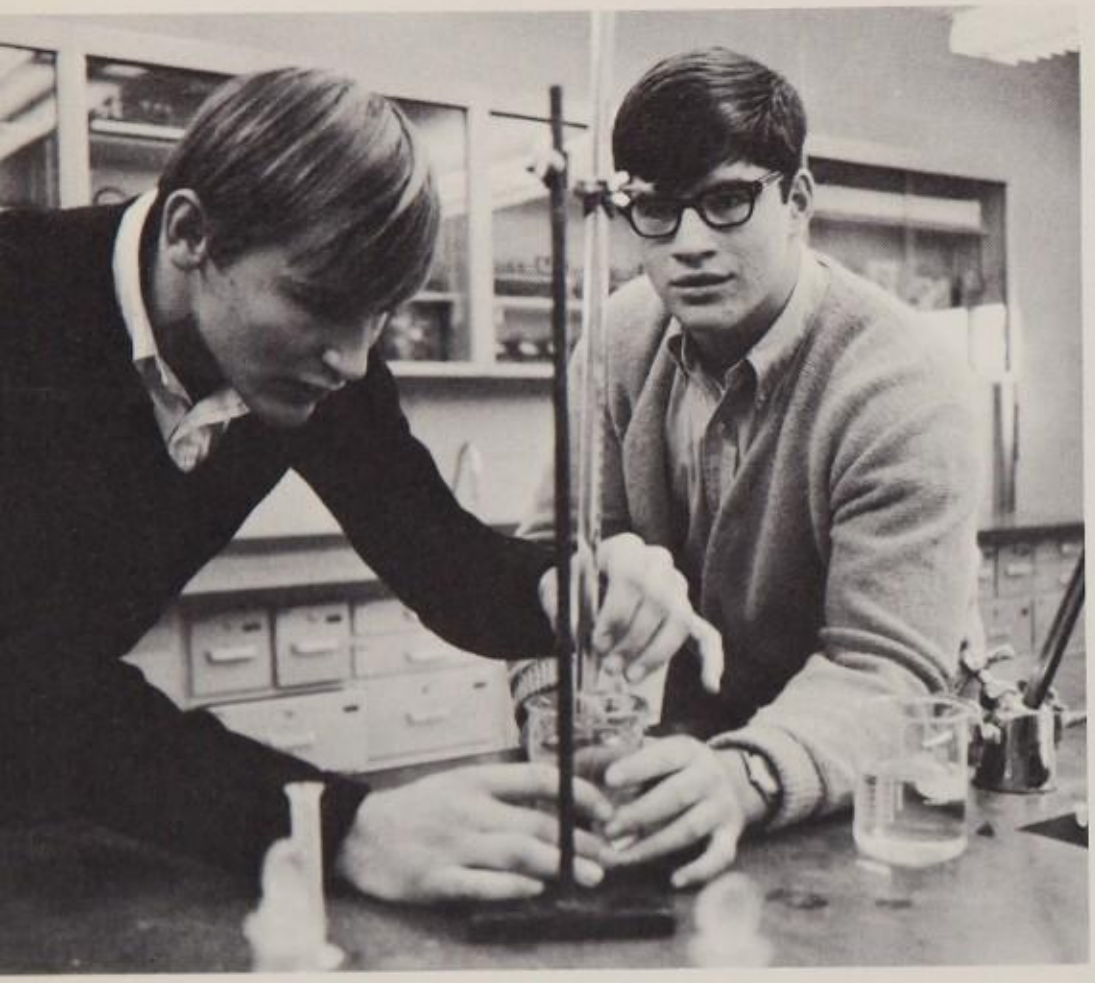
Science Classes Move Many Students



Rick Oliver and Mike Day conduct an important experiment in one of the chemistry classes.

Would you like to know the distance to the sun, what makes things rust, or how a fish breathes? These questions and many more can be answered in one of the science classes at Bentley. Electronics, Biology, Earth Science, and Physics are the classes that are offered and they provide a chance for the students to discover for themselves many things about the world around them.

Students in all of Bentley's science classes work with up-to-date textbooks and modern facilities. The laboratories and equipment are designed so the student may receive the best results from his work.

Much of the learning in class concerns experiments in one of the laboratories. This type of work produces many amazing discoveries. In the times not spent in doing actual experiments, the student learns the basic principles of the particular science he is studying and discusses the results of experiments.

The perceptive faculty realizes that this an age of rapid and constant discovery. Through their interest and the fine facilities that are provided, the students are given the great opportunity to satisfy their curiosity in the expanding world.

Social Studies Projects Knowledge,

Bentley's social studies department is an important part of the student's high school curriculum. Every senior, before graduating, is required to successfully complete one semester of American Government. The other semester is spent in one of the social studies electives, such as psychology, economics, international relations, and the new class concerning minority groups. Juniors also have a required course, U.S. History.

This year's history classes, for the most part, use team teaching, which provides an interesting program. Students listen to weekly lectures and then form seminar groups or have discussions.

This department is continuing to provide Bentley's students with courses, both interesting and educational. It is informing students of the events of the past and giving them an insight into the fast moving future.

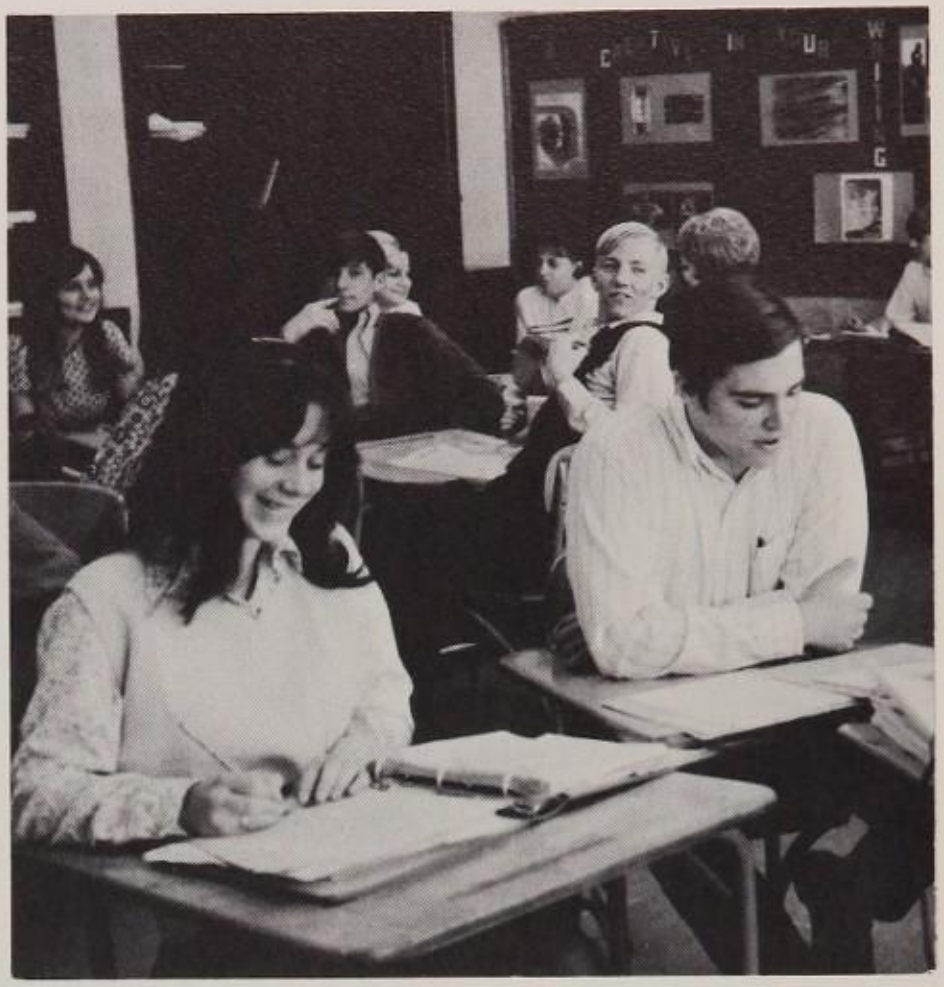
in Bentley's English Program

Bentley's English Department is the largest department in the school. In the new program students are allowed to select courses according to their individual interests. The students are given a list of about forty courses from which they select a given number.

Some courses require a teacher recommendation before they can be selected. These courses include: Advanced Placement English, Advanced Journalism, and Yearbook.

Advanced Placement English is a two semester course. At the end of the year the student is given a test on all that he has learned. If he scores high enough on this test, he can be exempted from several credits in college English.

Packets are a large part of the new English program. These consist of concepts which are to be covered in the given course. They include exercises and pre-tests on the subject. Students are given a packet and do most of the work individually at their own rate of speed. If a student finished a course before the end of a semester he may go right into another English course.



A big advantage of Bentley's new English Department is the separation into small groups for discussion.

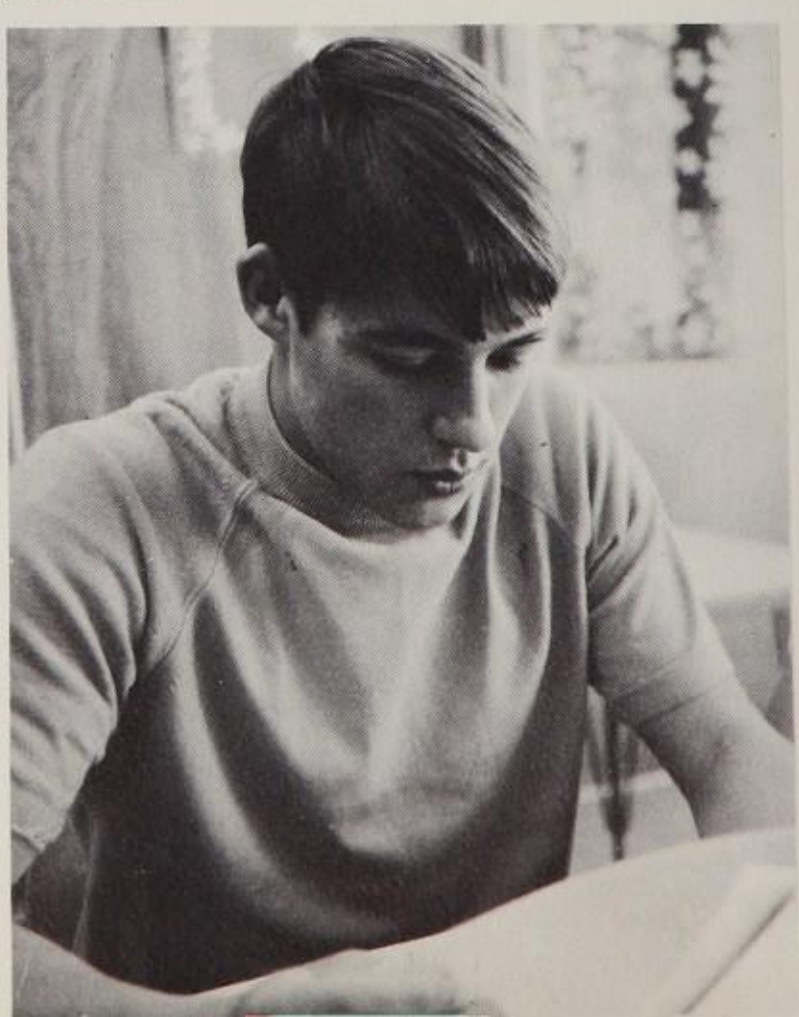
Pioneer Staff Projects Motion in Yearbook

Diane Flaherty aids Joy Fenech, Underclass Editor, with pages during yearbook class.

Steve Preston surveys his layouts before adjusting his pictures to them.



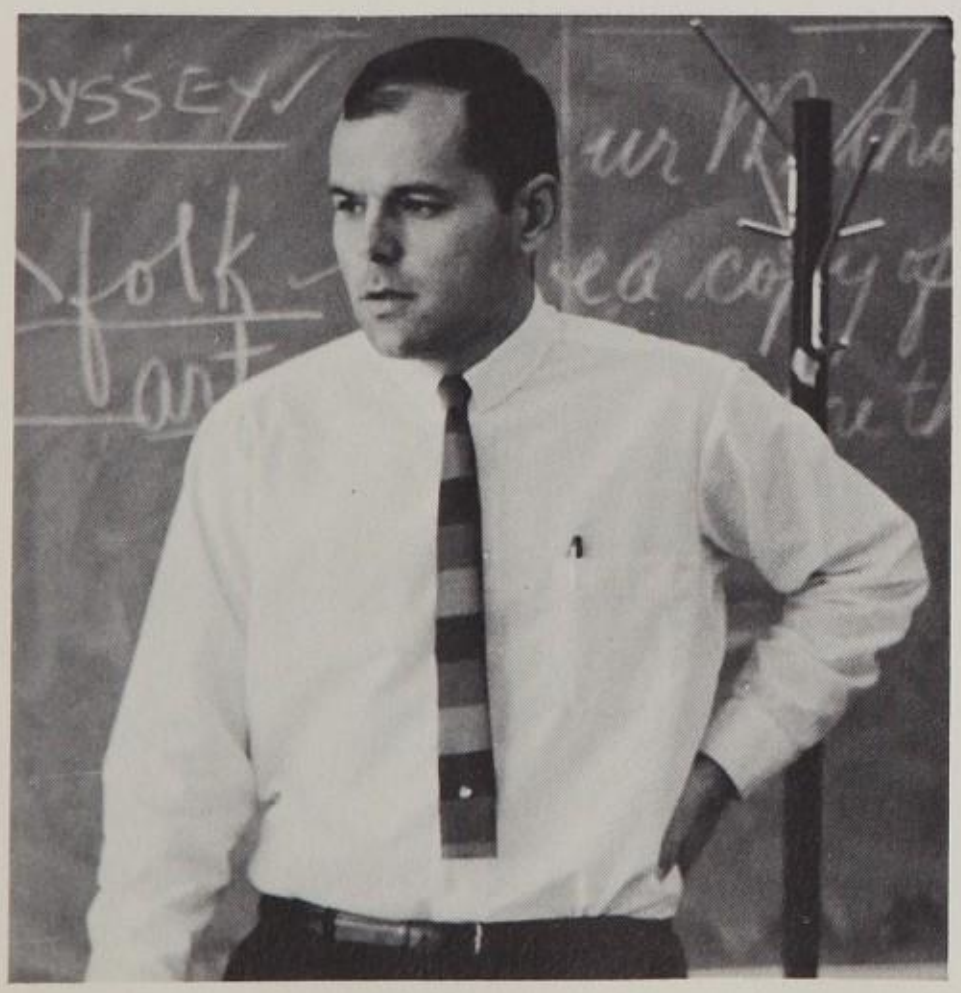
"Perpetual Motion" is the theme of the 1969 Pioneer. As the pages of this yearbook turn, so do the memories of the past school year. Through pictures and words the Yearbook staff has tried to relive it for every one of you.

The year started off with layouts being made. Pictures were taken soon after. After a couple of weeks pictures came back, were cropped, and sent to Powell Studios where they were proportioned to fit the pages. Copy was written for the pages and then the pages were ready to be sent in for printing.

It takes hard work and many devoted hours to put together such a high rated book. The students who devote their time to this non-credit course are recommended to it by the Yearbook advisor, Mr. Raymond Foster.

Kathy Keehn, Colleen Avery, Rhonda Roberts, and Colleen Fairbanks sort out envelops to be distributed for Yearbook sales.

Mr. Foster, our fearless leader, looks on with grim determination as a deadline approaches.



Phil Thomas triumphs as he finishes his layout, the first step in a long process of producing a yearbook.

Monthly Echo Captures School Spirit

The Bentley Echo is a paper full of exciting news concerning Bentley High School and its spirited student body. It presents stories of special events such as Homecoming, Sadie Hawkins, Senior Play, etc. Then it comes on with everyday school happenings, such as, what's going on in extracurricular activities. The third page of the paper consists of the sports and what's happening up-to-date. Editorials and letters to the editor fill the last page. Many controversial subjects are covered and it becomes very interesting.

The Echo staff has other responsibilities besides putting out the paper. The staff sponsors the Homecoming Dance in the fall of the year and the Spring Frolic which comes early in the spring.

Under the supervision of Mr. Anthony Wayne the Echo is distributed once a month. The Echo staff is made up of students who have had past experience in journalism and were recommended by the instructor himself. This paper is an excellent example of the spirit of the many students who work hard to print it.

Gary Hiller, editor-in-chief, gives Carl Creighton a few pointers on writing up his sports story.

Library Helps Expand Students' Minds

The World Book Encyclopedia defines a library as being a busy workshop where persons of all ages can seek knowledge. From a typical Bentley student's eyes he sees it as a place to get that last minute information for a term paper, pick up a History record for his teacher, or just sit and read magazine articles on his favorite subject.

Bentley's library offers information on all topics of conversation and has several conference rooms where students and teachers carry on interesting discussions. The library also provides a classroom where classes may use the library materials while working on class reports.

Students who have the privilege of obtaining Special Permits may get out of a study hall to use the library materials.

Motifs in Art Department

The Art Department has experimented with a new program this year. Instead of having art classes on a full-year basis, ten-week programs were designed.

In this program the students can choose exactly what type of art they would enjoy. The student goes to a different class after a ten-week period. The only exception is when the student receives an unsatisfactory evaluation. He remains in his present class until he completes his work to satisfaction. It is also possible for a student to work independently in an area in which he excels. The independent students include all grade levels.

The teachers grade the students according to their individual abilities. These classes have no pre-requisite courses.

Students work basically at their own rate. However, a certain number of projects are required in some of the classes.

The idea for this program originated at Bentley. It was influenced by the English program which began last year. The English program consists of a variety of classes which the students choose from and complete.

The continuance of the new art program depends on its success during this school year.

Improving World Relations

Parlez-Vous francais? Or is German, Spanish, or Latin the language that you prefer? All of these are part of the Bentley foreign language department and taught by a very capable staff of teachers.

Through the use of the modern equipment in the language lab, students improve their pronunciation and learn dialogue. Films and visual aids are widely used to help students learn about the different customs of the people whose language they are studying.

In advanced classes students write themes on a variety of topics and also read stories, books and even comics. Many times they carry on conversations and produce plays.

Bentley's language department is greatly helping to fulfill the need for better foreign communications and improving world relations in this constantly moving world.

A group of students in the boys' Gym class take part in an active game of volleyball.

Bentley considers it very important to promote physical fitness to all students. In the fall the students are outdoors until the weather gets too cold or rainy. Outside they take part in sports such as football, soccer, and track. In the spring they play softball, tennis, and paddleball on the outdoor courts. When the weather gets too cold, the gym classes move indoors where the students wrestle, play basketball, play volleyball, play handball, swim, tumble, and practice gymnastics. The students receive instructions on fundamentals for every activity, even though they may not be able to participate in them. All of these sports help the students to obtain knowledge, indurance, and strength.

A great deal of emphasis is put on good sportsmanship. The students learn to get along well with their opponents.

All sophomores are required to complete one year of gym. If a student wishes to further his physical fitness program, there are a number of advanced gym classes in which he or she may enroll. Every student finds a field that he or she can participate in and excel in.

Classes Progress

Experience is said to be the best teacher. The students in industrial education classes receive expert training and experience where the major emphasis is placed. In auto shop the students learn where engine troubles begin and how to find them. Wood shop enables students to plan and build their own projects. By this practical experience they learn to be real craftsmen. In welding and machine shop, they also receive first hand experience and learn to work on their own.

The up to date classes provide students with the vital techniques that will enable them to be well prepared for starting work directly after graduation, or else to go on to further training. The students aren't working on old machines or using out-dated equipment, but instead they are using new tools, machines, and equipment which are in top condition.

The Industrial education students have many hours to work on their projects. Along with their own plans, they do have assigned projects that require thought and work. Experience "is" the best teacher.

Bentley Girls Prepare for the Future

Bentley's home economics department is responsible for preparing girls for the homes and families they will manage in the future. The course is a busy one with stresses on areas of home management, nutrition, and interior decorating, aside from the usual cooking and sewing.

The girls take many steps in improving their cooking. They prepare excellent meals and often host teachers and other guests. In some classes, students plan and create their own wardrobe. The care and skill with which they do this may be seen in the many examples of beautifully hand-knit sweaters and well-made clothes, which are often on display in the home economics showcase.

Today there are a large number of openings in the field of home economics. The demand for well qualified women is rapidly increasing and Bentley is helping to fill the demand. Home economics is a course which is greatly helping girls grow to be the well informed and talented women of tomorrow.

Marching Band Echoes Through Past Victories

The 1969 Marching Band was certainly a spectacular example of motion. On through mud-packed fields they marched to add to the excitement of halftime. The band practiced many hours after school and weeknights before games.

The band does stray away from home ground. They supported the team on away games and again this year they participated in the annual University of Michigan Band Day.

Led by two year drum major, Don Capeling, and directed by Mr. William Savola the band entertained with a very fine selection of music.

Marching band not only added to the Homecoming with music but also with their float.

Bentley Band Displays Talent

Four members of the band "blast out" at a concert.

William Savola

Under the direction of Mr. William Savola, the '68-'69 Instrumental Music Department has proven itself worthy of the reputation "one of the finest". At various assemblies the Bentley students have shown their appreciation of the Bentley bands and orchestra by their admirable applause.

During the past year the band and orchestra represented Bentley at numerous festivals. Among these were the Suburban Six Music Festival, the District Band Festival, and the Solo and Ensemble Festival where the Bentleyites took 17 first place events and 4 second place events.

A pep band, student organized and directed, performed at each Bentley's home basketball games adding more excitement to the games.

With Endless Song

Jamie Landry and Jim Williams are greatly amused by their friend's original costume.

One of the key motivating forces behind Bentley students is the Concert Choir. Under Mr. Jerry Smith's direction, it has been proven successful, as in previous years.

The intertwining of the choir member's voices were heard throughout Bentley on special occasions, such as Thanksgiving and Christmas. However, they were also heard at various other high schools and universities throughout Michigan. Neighboring states have been their destinations during spring and fall tours.

"Let Not Your Song End", their theme, is a true image as they practice to perfect their chosen numbers.

For the tenth straight year they have achieved highest honors at the State Choral Festival. This honor would not have been possible without the tireless, driving force of the choir members. They worked together as a family during float construction, the Varsity Show, and the various concerts. This comradeship adds toward making Bentley's Concert Choir one of the best in the State.

Bentley's Active Choruses Create

Peter Elwell:
Vocal Music.

Girls in the vocal music department practice for a coming concert.

The Concert Choir of Bentley's vocal department is supplemented by select choruses, regular choruses, and glee club. The steps toward becoming a member of the Concert Choir are glee club, regular chorus, and select chorus. Each of these sections play major roles in the annual Christmas and Spring concerts. Both of these concerts fill the gymnasium during their performances.

The regular and select choruses perform for a variety of people in the area and throughout the state of Michigan. The select girls and select males choruses travel to Ypsilanti every year for a competitive state choral festival.

The students work diligently preparing for oncoming concerts. Their work includes mastering new pieces and presenting them in a harmonizing way. They are tested periodically on their skills including composition.

This year the select choruses have a new director, Mr. Peter Elwell, who came to Bentley from a Detroit high school. In addition to his duties in Bentley's Vocal Department, he directs a choral group at the University of Michigan.

Preparing for concerts isn't all that bad, as members of the select male chorus enjoy the hour.

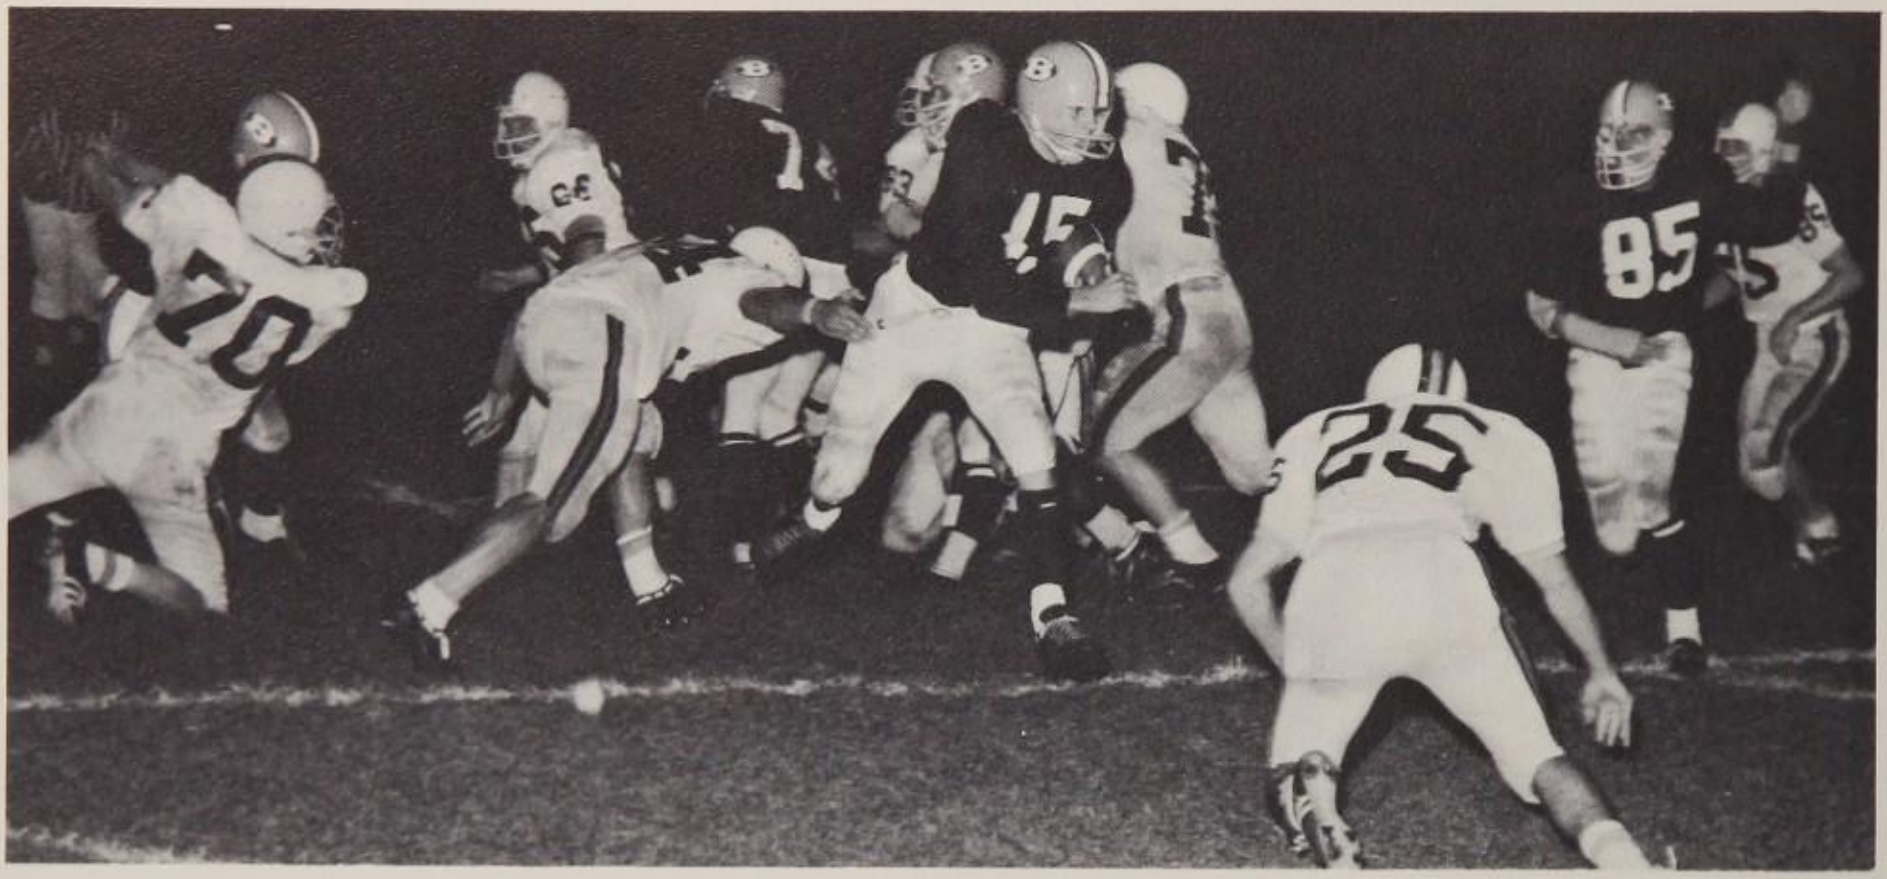
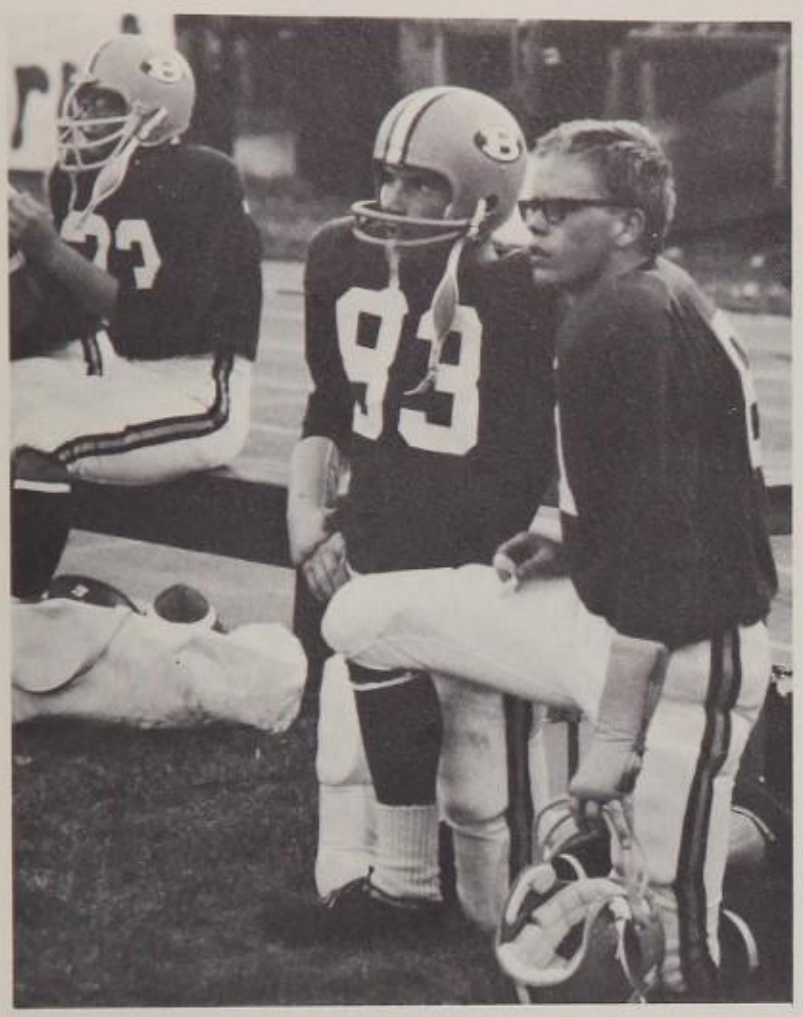
Bulldogs Are Bentley's Scoringest



Like so many other times this, Bob Cascaden explodes into the end zone and leaves defenders confused and dazed.

Leroy Watson sets his sights on the last man who has a shot at Bob Cascaden, thus ensuring Cascaden safe passage to the goal line.

Gridders Win Six Straight



The members of the football team do a lot that never makes headlines. There is a good deal of time spent on plain hard work and basic fundamentals that don't make very interesting reading, but make a very good team. The generation of team spirit is also an unsung task; spirit is always found among champions, but it is a cause of champions as well as a by-product. Getting a team into a championship attitude before the season is what distinguishes a coach like Mr. Joiner from other coaches; all of his football teams have had a healthy abundance of spirit; and they have been winning teams.

Below: Leroy Watson sets up for a long gain with Greg Ockerman providing capable interference. *Left:* Fred Howell and Jeff Kennedy watch pensively as a play unfolds on the field.

This year's team had an abundance of natural ability cultured adequately with wise coaching. Our team performed on a higher level than most will ever achieve; even so, that certain individual stood out. Some of those who did are pictured on these pages. Others, like Bruce Nederveld, and Paul Cazabon, were "striking at the roots" and stacked bodies between and the camera.

Bob Cascaden lead in yards gained rushing, Leroy Watson in yards gained in returns, and Tim Malone played fullback, safety, and was very dangerous as an interception threat. Together they made up one of the most potent running combinations in Bentley's history. All of them were fast enough to score from anywhere, and were capable of instilling panic in the most formidable of teams.

Mr. Joiner, Mr. Hanton, and Mr. Consolo have an eye to the future. Too often a powerful senior class graduates, teams are decimated, their ranks thinned and their power wanes. The coaching staff has worked at preventing this, and Bentley should be a league power again next year.

Opposing players wisely chose to give Bill Rice a wide berth.

Tim Malone is shown here shifting into high gear, en route to pay dirt.

Understudies Follow Varsity's Footsteps

This year's Varsity understudies established themselves in true Bentley spirit.

By coming up with a 6-1-1 (won-lost-tied) record they won a share of their Suburban-Six League championship. Their only loss came at the hands of Farmington in the first game of the season, a non-league contest. The tie came against R.U., the other co-holder of the title, in a evenly matched game that indicated the closeness of the tight season.

An impressive total of 205 pts. for and 74 pts. against played a major factor in the fine season.

Two shutouts and three games with only 6 pts. against indicate the caliber of defense.

Quarterback Bob Sitkaukaus did a fine job leading his offense. Junior backs Gary Battle and Lennie Lasota were the leading ground gainers and point getters. Coaches Hartsig and Burley did a fine job in their first year together here at Bentley.

Mediocrity Symbolizes Cross Country Season

This year's cross country team practiced diligently, but the sweet taste of victory was not destined to be theirs. Junior Chris Morden, a veteran of last year's team, showed great promise as a runner this season. Coach Ron Fedraw feels that this year's record was due to inexperience. He also feels that they will be able to do better in the future.

Bentley's Best Ever Breaks Six Records

Dave Kee is shown here at the end of a typical race, done and looking well rested by the time his competition finishes.

This year's team realized the promise of last year's predictions, evidenced largely by the resetting of six new school records. Under Coach Roger Hanton's careful guidance, the team swam to a 10-5, won-lost record to rank an unfair third place. The league championship meet gave a fairer evaluation as the Bullfrogs, led by double league champion Dave Kee, were kept behind second place Trenton by two points and less than a second in time. With promise, like Blake Lawless showed all this year, and in new setting a new school backstroke record, the team starts a new era of prominence in league competition.

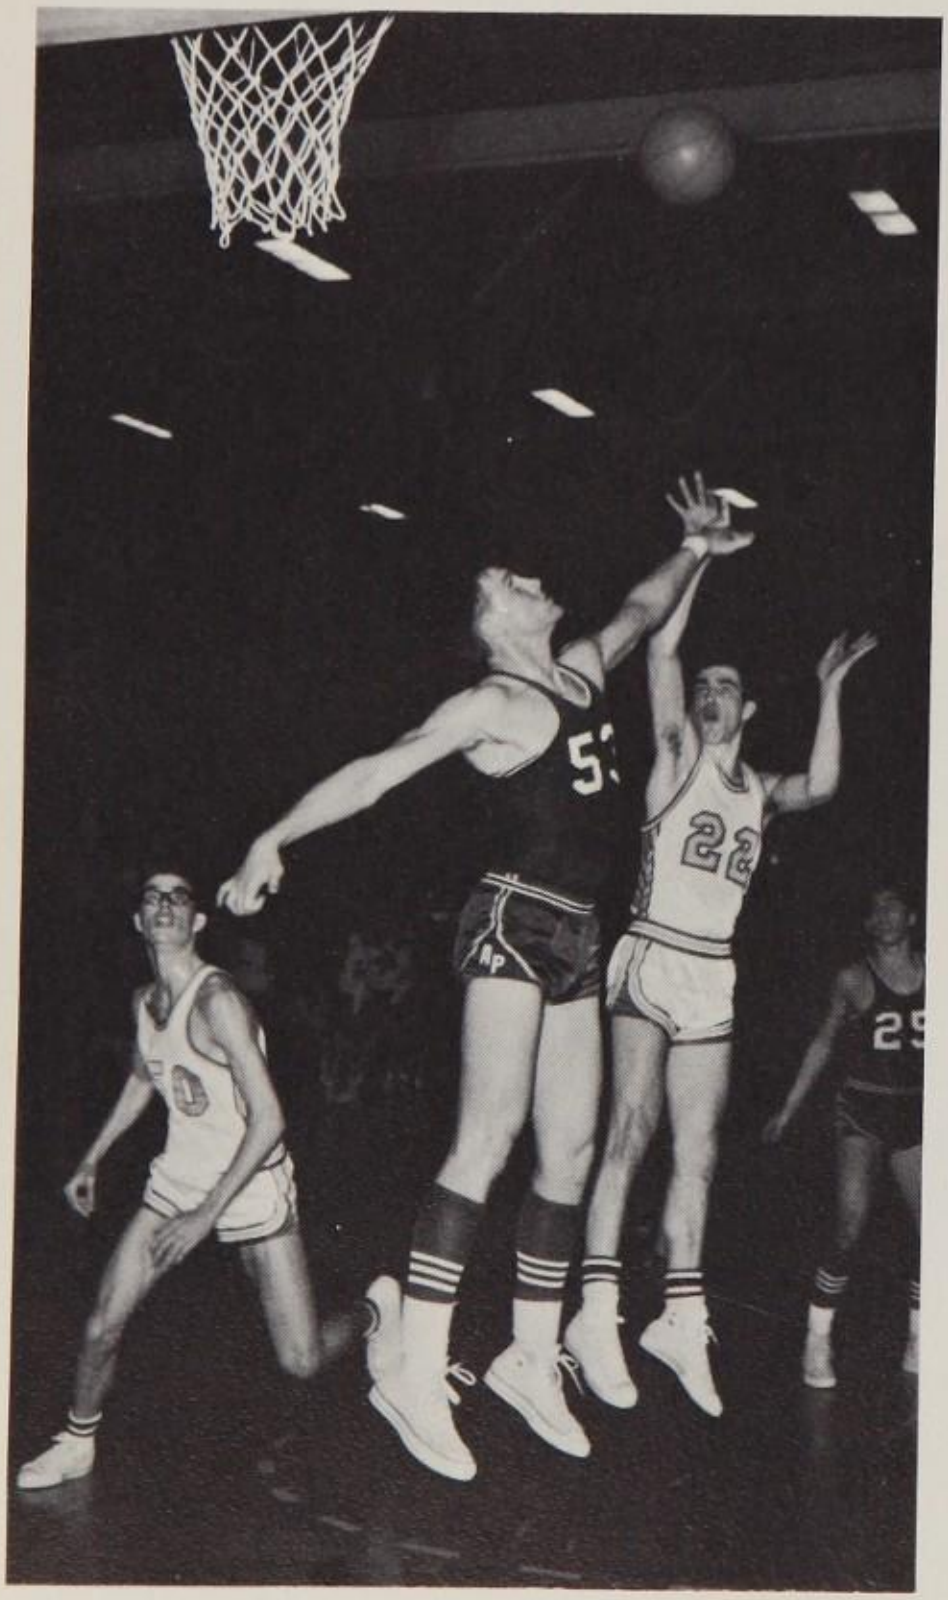
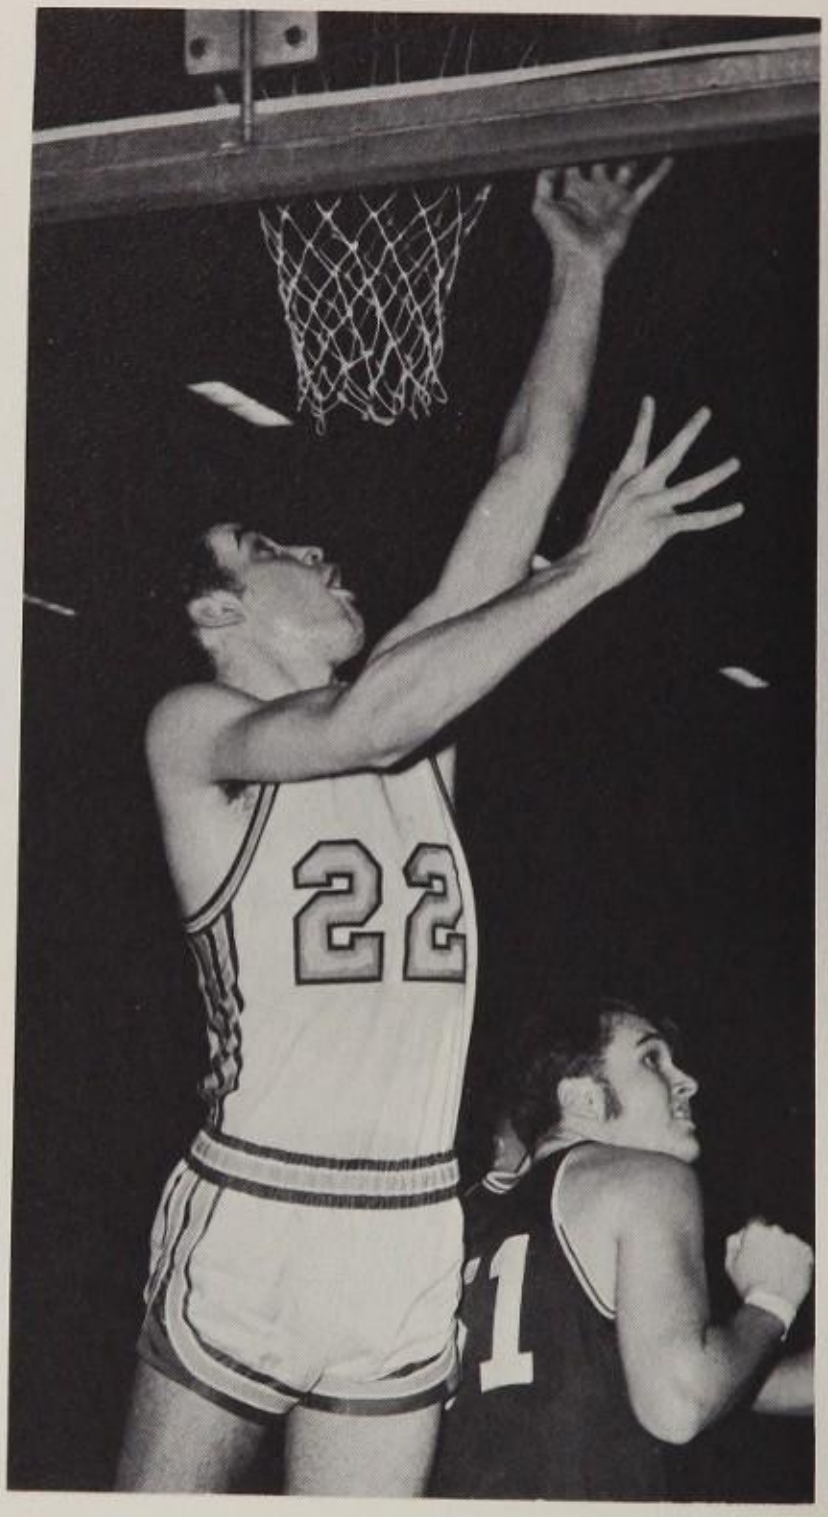
Coach Fefles Leaves After 7 Good Years

After seven years of coaching Bentley Varsity teams, Mr. George Fefles has decided to end his tenure as head coach. He announced his intentions publicly at Bentley's last home game this year. Bulldog basketball games will somehow not seem the same. In the last seven years as varsity coach he has established a record that is hard to match. Bentley's varsity teams during this period can boast of winning over seventy-five percent of all games played. If Mr. Fefles does leave Bentley we will not only lose a great coach and athletic director but a fine man as well.



John Veach heads for the boards as Dave Sterling gets his shot off.



Senior Dave Sterling sinks another lay-up to spur his team on to another victory.

Lead by seniors Marv Hurlbert, Leeroy Watson, John Veach, Marc Chiasson and Dave Sterling, Bentley's varsity basketball team took second place in the Suburban Six. Although this year's team lacked in height they made up for it in speed and endurance. The record alone does not reflect the weeks of grueling practice, they worked hard and played well.

Bob Maynes demonstrates ball control as he makes his way down the court.

For the fourth year in a row the Bentley Reserve Team finished the season at the top of the Suburban Six standings.

This record of 15 wins to one loss is the best a reserve team has ever had at Bentley in previous years.

The Team, consisting mainly of Sophomores, had the experience of Junior Craig Rosenthal to fall back on, when they ran into a rough spot.

The only loss the team suffered was at the hands of Redford Union, but the Reserve Team got revenge at their second meeting with Redford Union, beating them by 16 points.

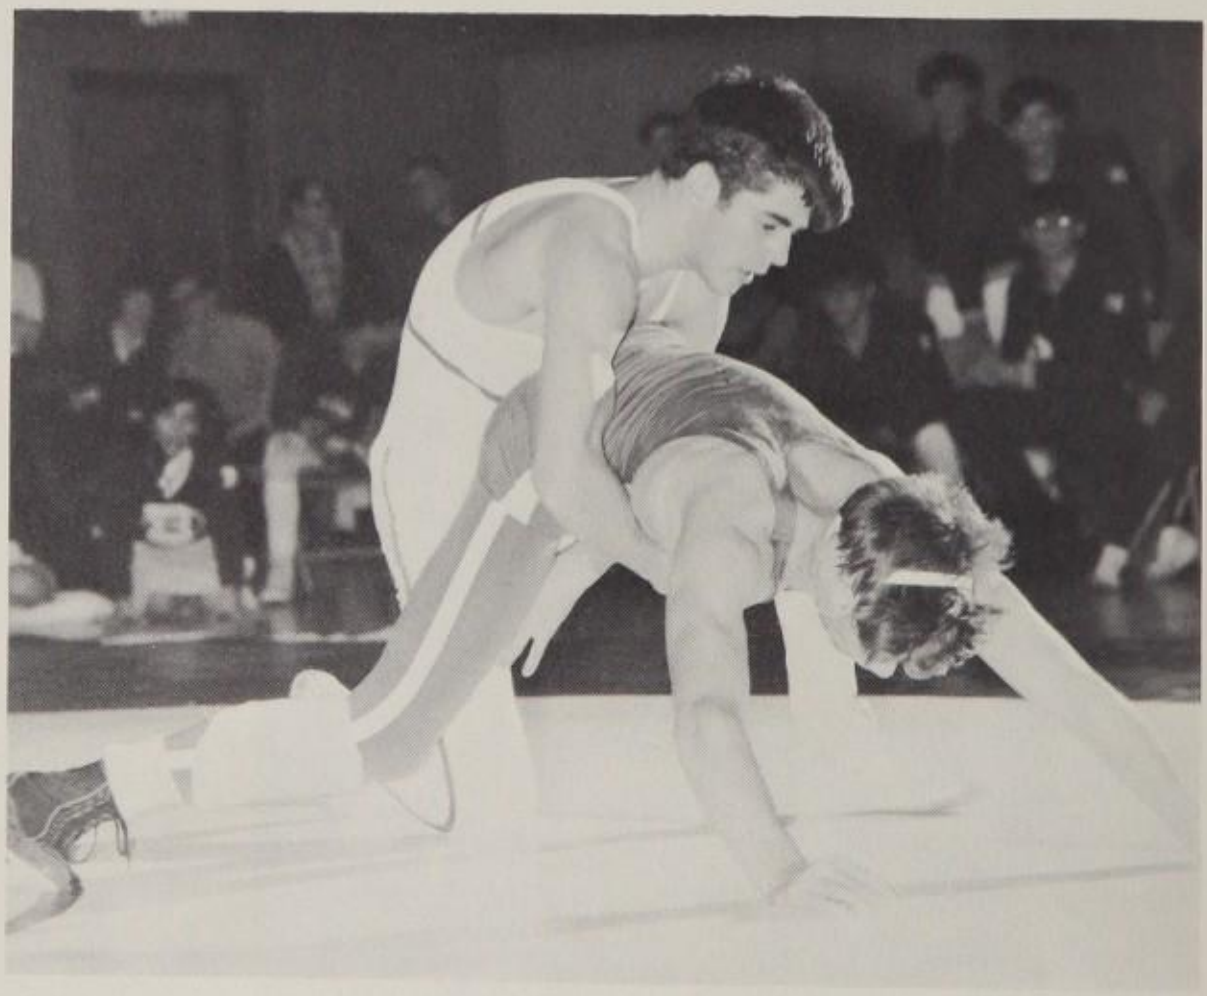
This season for the Graplers has ended with very few surprises. It was expected that with only six out of twelve wrestlers having varsity experience, the duo-meet record would be lopsided. The senior boys won. their fair share against the toughest teams in the state. Our sophomores gained valuable experience meeting these same teams.

In tournament competition our boys were able to shine with their true colors.

John Krizan and Bruce Nederveld, by placing in the District, will be going on into the State Finals.

In the coming years we will be hearing the names Anger, Barnes, Newton, Moore, and other boys who will be competing in a most grueling sport.



Garry Appelblatt effectively overpowers his opponent.

This year's team will have a lot of experienced members because many of last year's members are returning for another great season. Heading off the list of returning veterans are Dan Koch, Mark Friederichs, and Joe Chemello who were members of the record setting mile relay team. Joe Chemello also set a new school record in the 440 yd. dash. Also coming back this year will be many experienced Juniors and Seniors who will help carry the team to an undefeated season this year.

Title Is Within Grasp Of Returning Lettermen

This year's golf team heads into the '69 season with high hopes to capture the league crown. Mr. McGlone will have a lot to work with; the entire team of the '68 season is returning for another great year. The '68 team placed 4th in the league with a 9-7 (won-lost) record and 10th out of 26 in the Regional.

Six of the eight returning members received their Varsity letters during the course of last season. They are: Mark Wilkie, Dave Soho, Dave Davies, and John Gibson; all of whom are Seniors. The Juniors who lettered were Andy Lawrence and Mark Eaton.

Bentley Netters Eye Better '69 Season

This year's tennis team is looking forward to a much better season than last year. Last year the team finished fourth in the League with a 2-10 record. They also placed fourth out of ten in the Regional meet in which the doubles team of Bollin and Gillette won the championship.

Mr. Whitefield, the coach, explained that the team was for the most part young and inexperienced. He also remarked that eight of the returning members lettered while on the team. Mr. Whitefield expressed that some of the talent that the Sophomore class possesses will help give the team the big boost it needs.

Some of the promising netters who are returning this year are Greg Ingles and John Veach (Seniors), along with Bill Zamplas and Gary Calder (Juniors).

Bentley Nine Strive

After a fine 67-68 season Bentley finished in 2nd place. Coach Klozik hopes that the team will take that final step to the top of the standings this year.

The team which played great all season ended the year with a 5 win - 3 loss league record. They also played great during the Les Anders Baseball Tournament in which they placed 2nd, beaten only by Garden City West in the final round.

Coach Klozik is confident in the members that are returning this year and feels with them, he will have a first rate team. He also feels that with the pitching of Ken Gawkowski and Dave Rice and the power hitting that the team is known to have the team will take the final step to first place on the standings.

Competitive Girls Strive

As usual Competitive Swimming was open to all interested girls. Coaching the team for the second year was Miss Lozon,

Practice began shortly after school opened, running, into about the second week of November.

There was a five week preparation period which consisted of three practices each week and then the following seven weeks consisted of two practices and one meet each week.

In competition the girls beat only Lasher High School but many time records were broken. The following are girls who broke Bentley time records: the team of Sue Lafever, JoAnn Rusis, Pattie Teahan, and Debbie Barnett (100 yd. Medly and the 100 Free Relay), Debbie Barnett (25 Back), Pattie Teahan (25 Fly), and Jo Ann Rusis (100 IM, 25 Free and the 25 Breast in which she broke the state record also).

Miss Lozon says the outlook for next years swim team is good. We'll take her word for it.

The varsity team for girls basketball was undefeated again this year, making it a two year consecutive victory.

The second team was not as successful with its five wins and three losses but it offers good material for next year.

Each of the teams played eight games.

The toughest competition for the girls as usual was McKensey High School. However Bentley won over McKensey by a wider margin this year than last.

The coach of the teams (Miss Dale) worked with the girls at their practices but left the coaching up to the girls at the games. In this way she said the girls had more of a learning experience.

Eight senior girls leave the teams this year. Their successors have quite a goal to meet.

Captain of the Varsity Cheerleaders, Pattie Teahan shows the concern which aided the team to victories.

The Reserve Cheerleaders were *(from top to bottom)* Captain Denise Templin, Sue Caprielian, Diane Stone, Lynn Nichols, Jan Smith, Linda Sarbet, and alternate *(not pictured)* Kathy Muglia.

This year's Varsity Cheerleaders were: *First Row*: Jennie Upton, Pat Atkins, Sally Simpson, Patty Shier. *Second Row:* Pattie Teahan, Sharon O'Brien, Jackie Robinson, and Sue LaFever.

Spirit

There are presently four cheerleading squads at Bentley. They are for the following; wrestling, swimming, reserve football and basketball, and varsity football and basketball.

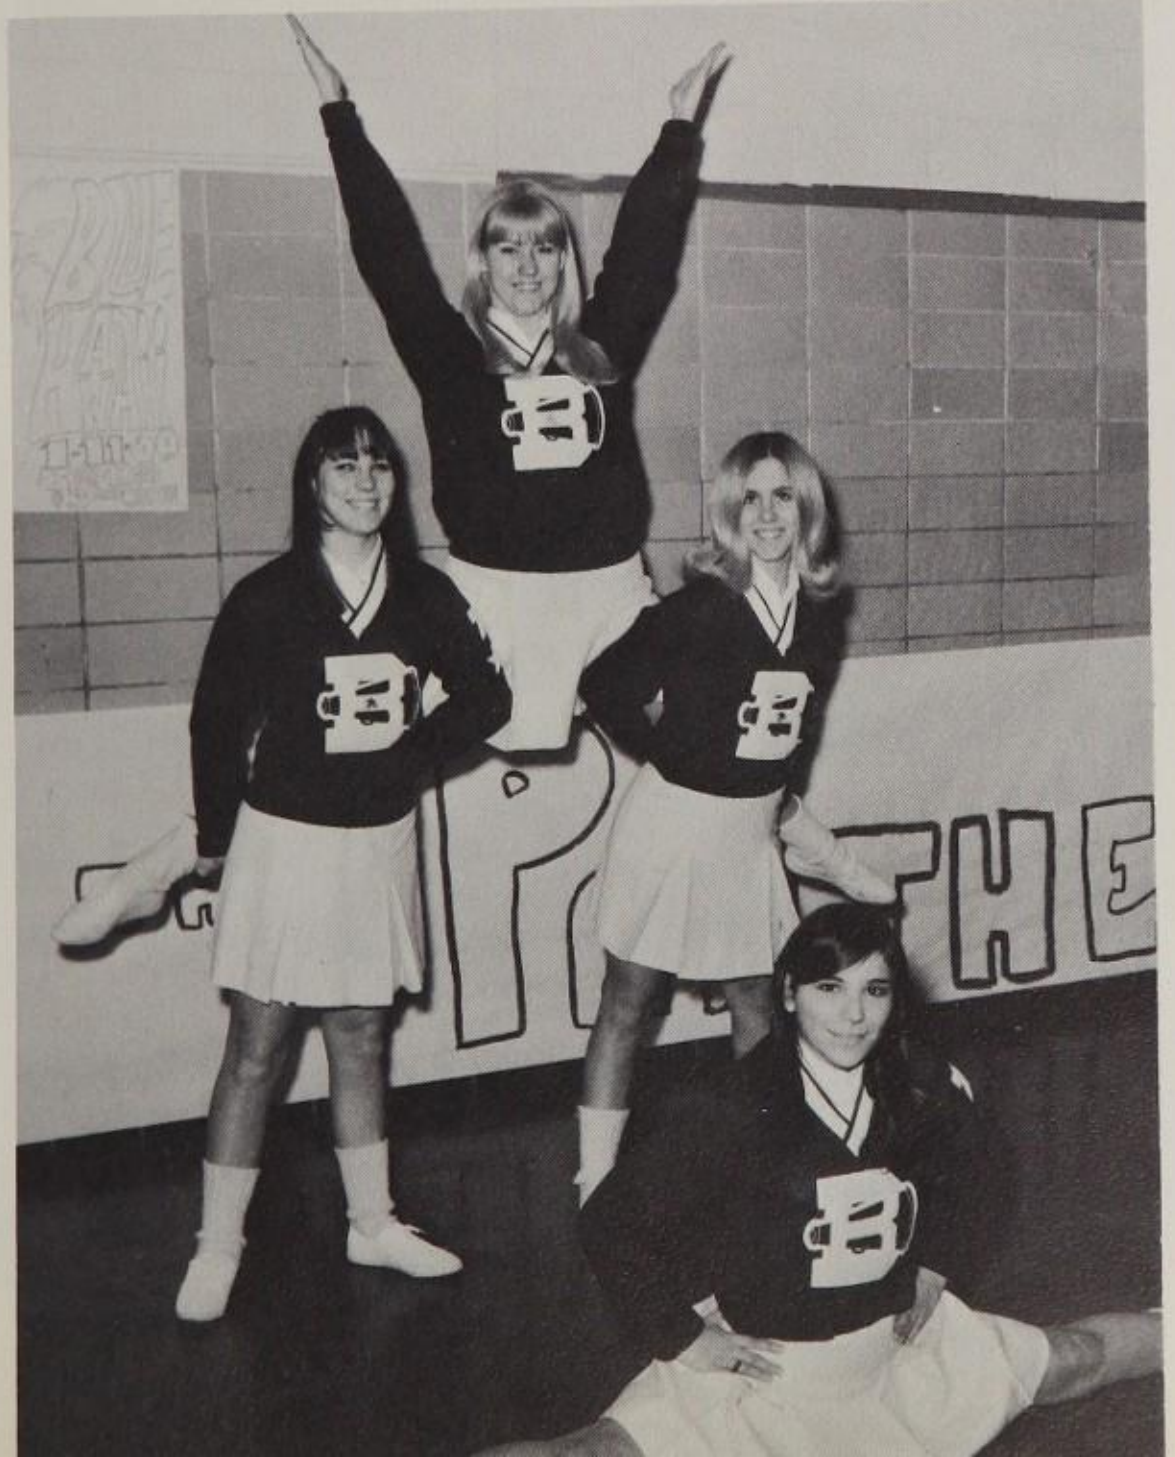
Besides cheering at the games the girls led the cheers in boosting the school spirit and on occasion the class spirit (for Spirit Jug competition).

This year the Reserve and Varsity Cheerleaders participated in cheerleading competition at Schafer High School, where both squads placed.

The spirit is constantly on the move in Bentley and this year has been no exception as demonstrated by the cheerleaders.

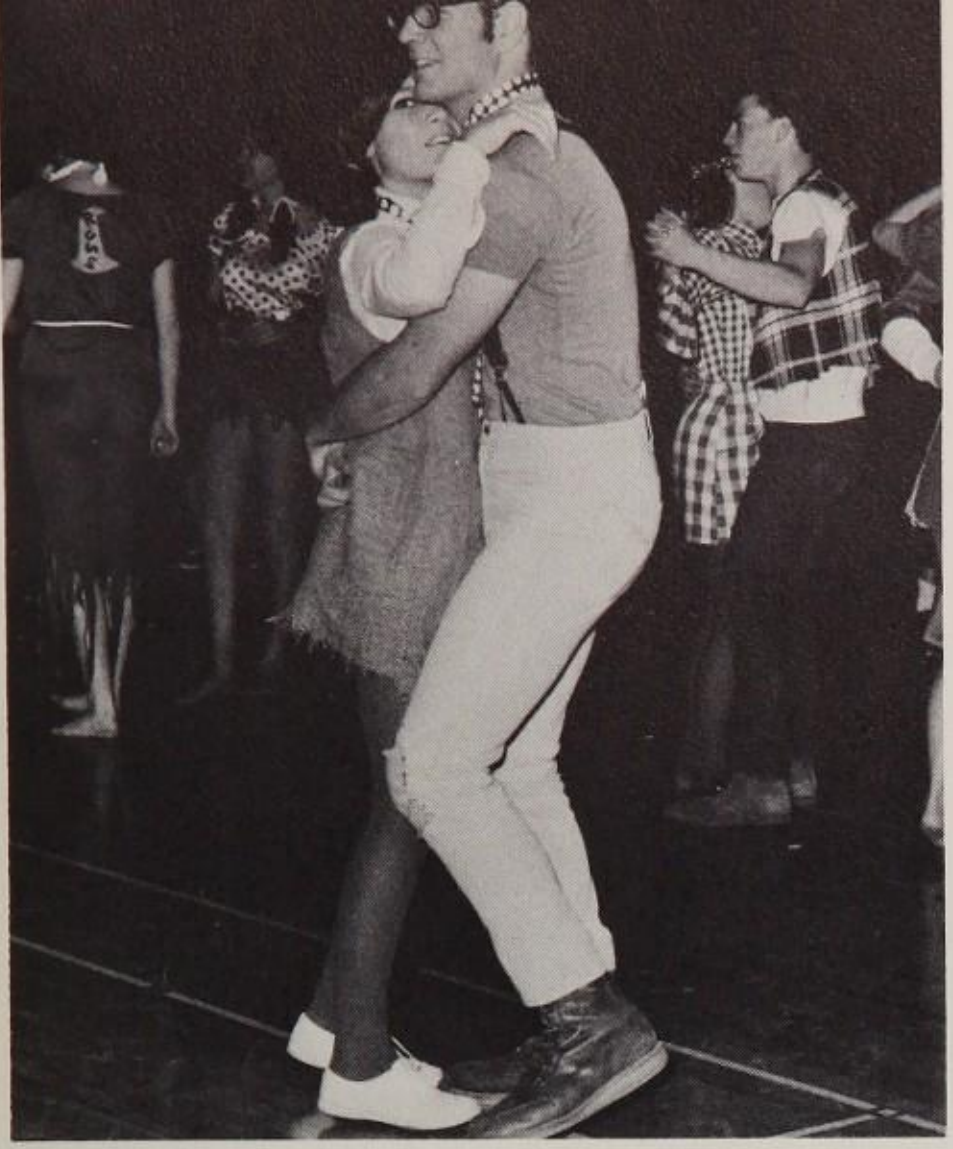
This year Swimming Cheerleaders were *(left to right)* Cindy Hodges, Cheryl Mellis, Linda Melcher, and Jan Yarling.

The Wrestling Cheerleaders were *(top to bottom)* Peggy Zink, Lynn Given, Carol Geppert, and Jan Meyers.



Jan Yarling and Cindy Hodges cheer on the Swim Team.

UNDERCLASSMEN



Seated: Diane Dorian, Colleen Fitzsimmons. *First Row:* Sharon Burke, Henry Umanos, Diane Kennedy, Mary Kelly, Chris Coleman, Sue Rathbun. *Second Row:* Lynda Crowder, Lynn Nichols, Sharon Tillman, Sue Kloiber, Carol Mekula, Carole Ross, Marilyn Mauch. *Third Row:* Mark Johnson, Paul Urbanski, Allen Benish, Linda Gold, Kathy Shute, Bill Lindahl, Henry O'Fiara.

Spirited Class of '71' Keeps on the Move

The Class of "71" entered Bentley in September and has been on the move ever since. Their year began with the election of their class officers. With Homecoming nearing, they merged their ideas and energy and went to work on the sophomore float, "The Great Pumpkin". They enjoyed the Sophomore Orientation Dance, the Homecoming, and the Sadie Hawkins Dance. From there they went on to win the canned food drive and the green-and-white count. Sophomores also sponsored the memorable Valentine Dance. Efficient and hard-working officers helped make this possible. Determination and spirit have made this year a very successful one for the Class of "71".

And The Beat Goes On

Enthusiasm and Spirit Move Class of '70'

The Junior Class has demonstrated unequalled effort and initiative this year at Bentley. Their energetic class officers have led them into spirited participation in many Bentley activities. The theme of the Junior Homecoming float was "Aladdin's Lamp". Juniors also sponsored a successful Sadie Hawkins Dance, Junior Prom, and Junior Play. They set a new record in the canned food drive, having collected over 12,000 cans, and came in a close second in the Ugly Man contest. Although they have not always won, the Juniors have shown much loyalty and concern for the status of the class. The Class of "70" may be number two, but they try harder.

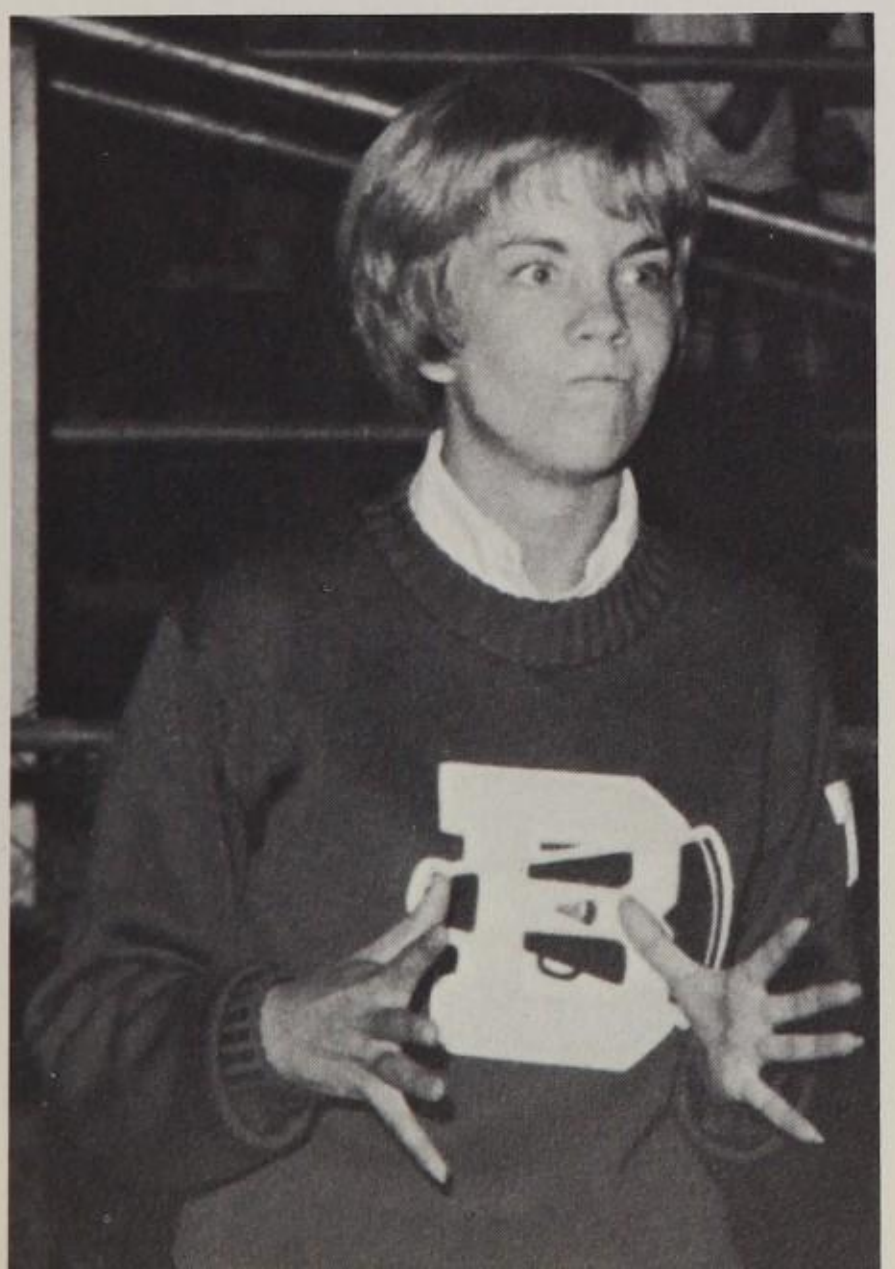
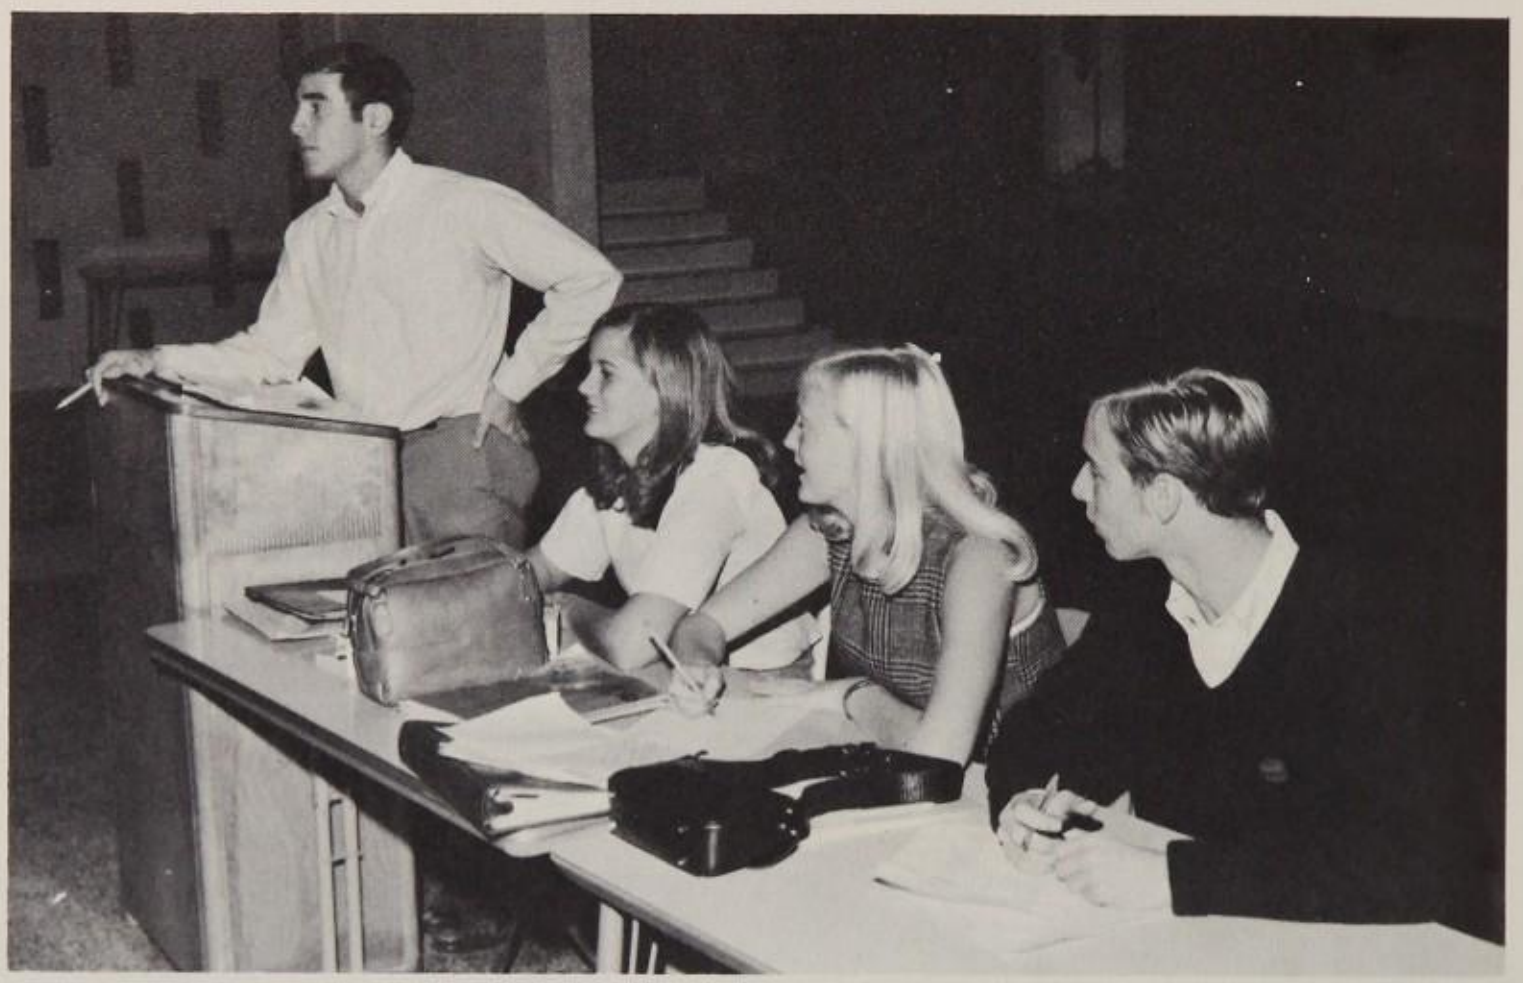
Students Enjoy Bentley's Variety of Activities



ACTIVITIES

Council Takes Inward Look: Searching for



The Student Council officers, Mark Friedrichs, *president,* John Porterfield, *vice-president,* Kathy Densmore, *secretary,* and Mary Stang, *treasurer,* are facing student concerns and inward criticism.

As the official mouth piece for the students at Bentley, the Student Council is striving to provide equal representation for all. It is a strong supporting link in the chain of command at Bentley High School, including the teachers, staff, and administration.

The Student Council is the communications media between the faculty and the students. The Student-Faculty Committee was formed earlier this year to enable the youth at Bentley and the teachers to have an opportunity to express their views on school policy and curriculum.

The Student Advisory Board, which was conceived last year, is auxiliary branch of Council serving as a go-between for the student body and the administration. The youth at Bentley can bring any personal gripes before the Advisory Board and both, the administration representatives and teens from all factions serving on the Board will work to establish a compromise.

The Student Advisory Board is working in coordination with faculty advisors, discussing current problems facing students.

Better Contact

The Student Council contains numerous committees working toward the betterment of Bentley; such committees as dress standards, lunch room, and curriculum.

Committee work only fills part of the heavy schedule of Council, the other portion of time is devoted to fund-raising drives for charitable organizations and functional purposes of Student Council.

Earlier this fall, Council sponsored the annual AFS Car Wash with all proceeds going to the American Field Service Club. Following Christmas vacation, the Student Council will sponsor, for the second time, a Pop Concert. Last year, Bob Seger, The Happenings, and The Little Sisters were the featured guests. Combining all these active and charitable events, one can see how important the Student Council's duties actually are.

Student Council representatives are working hard at the annual American Field Service Car wash.

The Student Council representatives are discussing rising problems in smoking.

Human Relations Club Brings Students Fresh

One of the newer clubs entering Bentley High only last year, is the *Human Relations Club*. The members of this club benefit not only as a group but also personally. The Bentley *Human Relations Club* was organized to promote better understanding of the problems of minority groups and to establish better human relations between the students of the inner city and those of the suburbs without race, religious, or color prejudice. The *Human Relations Club* is unique in that it deals with human topics. Using extra-curricular speakers as a vehicle, this club brought a much needed fresh viewpoint to pressing topics. The Human Relations Club has sponsored speakers on the students role in protest, and also the advance of sexual freedom. Human Relations has the distinction of having been instrumental in the initiation of a new credited class, *Minority Group Relations*. This class has brought the essence of the *Human Relations* Club to the classroom.

Mrs. Gomon moderates a discussion on race relations.

Outlook on Current Topics

Members are: *Back Row: Sponsor,* Mrs. Goman, Ivy Boicourt, Mark Friedrichs, Cassius Downs, Julie Lelezie, Thom Chenette, Gary Hiller, Donn Goldstick. *Front Row:* Judy Katz, Larry Newton, Mike Stahl, and Mike Tooley.

Donn Goldstick listens while Mrs. Gomon delivers ideas to class discussion.

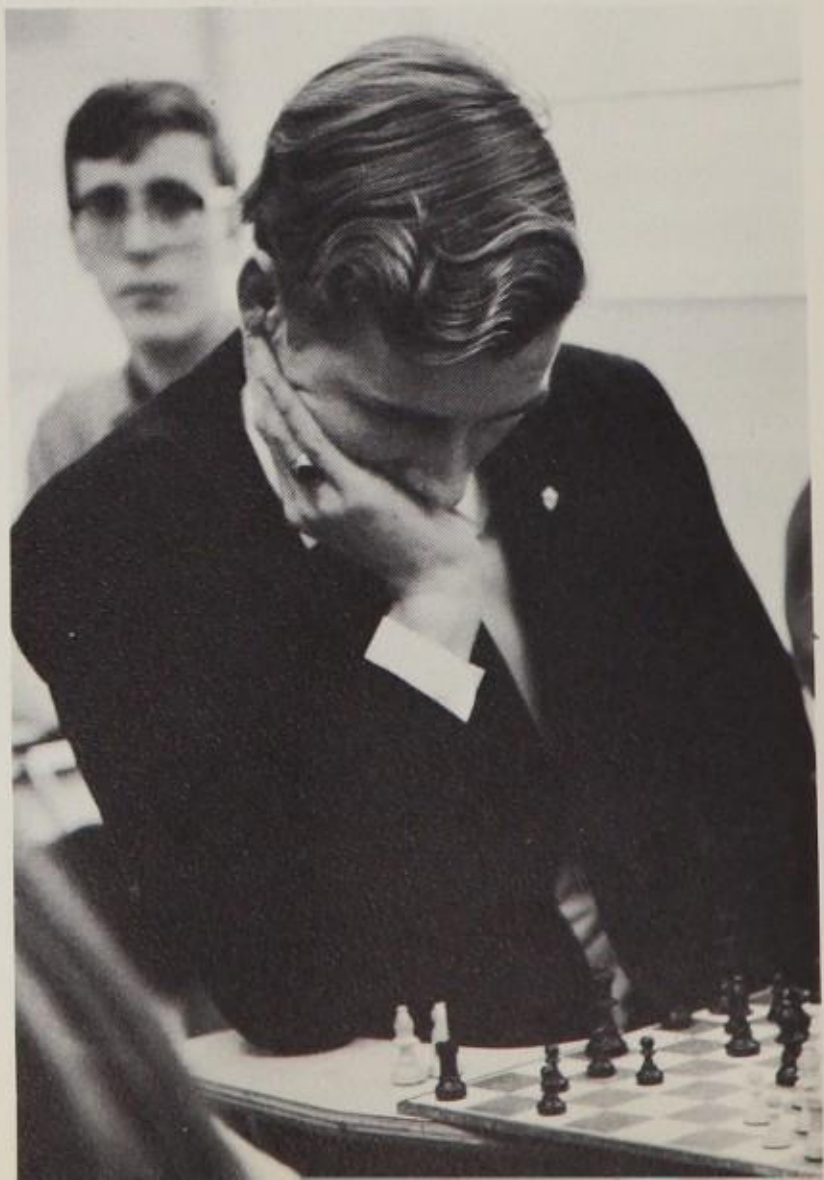
SBBC Provides Mental Gymnastics

Andrea Smith, Peggy Moore and Julie Leleszi enjoy themselves while testing their skills on a card game at one of the SBBC's weekly after school meetings.

The Society of Bentley Bridge and Chess Players has become the scene of great activity this year. The officers of the club are Bill Myers, President; Jeff Almburg, Vice President; and Sue Simmons, Secretary-Treasurer, have created enough avid enthusiasm in the club to expand interest and membership. An inter-club chess tournament started out the year, and soon both new and old members became quite proficient. Later on in the year, various different types of club tournaments were held. A select number of the SBBC members are active participants in the Livonia Chess Club. This gives students a chance to test their skills on high levels of competition. Speed chess, time chess and other games bent on improving competency were brought back by some of these members. Aside from chess, the Society sharpened their skills on every card game from Mille Borne to Bridge. The SBBC has taken steps in the right direction this year.

Dan Brudi, Dennis Slotnick, Jeff Almburg and other SBBC members look on as Phil Thomas and Rich Bennett play a "friendly game of chess".

Bill Mvers, SBBC president, concentrates on the oldest game known to man of pure thought, with no element of chance.



Alice Muciek, Tom Paterson, Cindy Hodges, *Mrs. Segowski–Sponsor,* and Louise Beaudreau work over their selections for the 1969 Parnassus at the layout board.

Parnassus Staff Projects Bentley's Culture

This year's Parnassus staff worked diligently throughout the year to produce the annual edition of Bentley's all school magazine. Each year a group of hard working students get together under Mrs. Segowski's direction to provide examples of Bentley's creative talents in the fields of art and literature. This year was no exception as seen from the excellent work provided for Parnassus by Bentley students. Editor-in-Chief, Joan Li, brought the class and club to new heights in selection and layout for this year's Parnassus. The magazine truly reflects the excellent talents of Bentley students. Examples of poetry, short stories, paintings, and art in the form of layout have all been liberally provided. A great deal of hard work was put into this year's Parnassus and Bentley can be proud of the result and of the Parnassus staff for keeping Bentley moving forward in this year of progress.

Alice Muciek, Tom Paterson, and Cindy Hodges discuss some aspects of Parnassus while Jan Cameron and Editor-in-Chief, Joan Li, look over a previous edition of Parnassus.

Science Club Studies Past, Present, Future

Science Club members Peggy Moore, Laura Hill, Ken Kan and Tom Chenette attend one of the Science club meetings.

Bentley's Science Club this year has made great strides towards enlightening the avid science student and providing a place for the in depth study needed in many science areas.

Field trips were the primary concern of the club members this year. Early in the year, an anthropological expedition to Sylvania, Ohio was extremely successful. Another highlight of the year was the annual trip to the Museum of Natural Science and Industry in Chicago.

One of the events based closer to home for the club was the small float competition for Homecoming. The club float, with the help of Merlin the Magician came out well ahead of the other floats in the not so scientific competition.

The victory bound Science Club float did deal with science this year: the science of magic.

President of the Science Club, Ron Richards, and Secretary, Julie Leleszi preside over one of the weekly Science Club meetings.

Camera Club Investigates Photography

The Camera Club was very active in Bentley this year. A small number of dedicated members put a great deal of work into producing high quality pictures. The members developed a great deal of camera knowhow which enabled them and their sponsor, Mr. Prieskorn to create one of the more active small clubs in Bentley.

Among the activities of the club is the taking of pictures of all sporting events which Bentley participates in. The photographers, after having taken their pictures, can retreat back to Bentley's well equipped darkroom.

The members also experiment in motion pictures. These motion pictures along with the club's spirit make up one of the parts of the machine that keeps Bentley moving forward.

Camera Club members and Mr. Prieskorn investigate the working of a camera.

'Casey Jones' Leads the Parade

Kathy Densmore Homecoming Queen
1968-69

of Legends and Folklore

The Seniors poured on the steam as they captured the float competition for the second consecutive year by entering Casey Jones and the Cannonball Express.

Legends and Folklore echoed through the half-time ceremonies at Homecoming. Clubs also entered floats in the two competitive classfications. "Witchcraft" was the Science Club's entry and the winning club float. The Senior Class roared by the competition with Casey Jones and the Cannonball Express. It was quite exciting for the Class of '69, for they became the second class in the history of Bentley to win the float two two years in a row.

The spirited Junior Class featured Aladdin and his Magic Lamp while the Sophomores based their float on Peanuts' Great Pumpkin. Half-time ceremonies proved to be exciting, but more excitement was present at the end of the football game when the score of 40 to 21 was announced and the Bulldogs came through with another great victory.

Homecoming Court and Escorts were: John Sullivan and Kathy Bentley (Senior), Ken Monkiewicz and Colleen Myers (Sophomore), Glenn Nutting and Jennie Upton (Junior), John Maliski and Kathy Muglia (Sophomore), Brian Newsom and Colleen Siembor (Junior), Rich Larson and Alex Piangerelli (Senior), Fred Howell and Kathy Densmore (Queen), and Roger Moore and Sue Leidholt (last year's Queen).

AFS Aids in Foreign Relations

The American Field Service Club helps to familiarize Bentley students with students from other parts of the world. Each year Bentley sponsors several students from other countries.

This program helps us to learn some of the customs of other countries while also giving the exchange student a vast knowledge of the way American people live. The exchange students learn much about the American school system. Along with Bentley they visited Pershing and McKenzie high school.

Each year AFS sponsors several fund raising events to aid in the expenses of the program. Ugly Man Contest, Bermuda Day, and various concessions are the means for obtaining the necessary funds for transporting the exchange students.

Bentley's Foreign Language Clubs Enjoy

Sandy DeVic speaks out on a humorous issue at one of the weekly German Club meetings as other members look on with interest.

Bentley's German and Spanish Clubs were larger and more active this year than any other year. The German Club set the pace with Mrs. Seirsma's direction by frequenting a German restaurant early in the year. *Sankt Nickolaus,* the German Santa Claus, paid the members a visit during their Christmas party as a prelude to a series of evenings singing German Christmas carols around Livonia. Later on in the year a visit to the German Department at the University of Michigan and a trip to a German movie gave the members a great deal of cultural background. The highlight of the year was a trip to the Bavarian Festival in Frankenmuth. Volker Bahr, the German foreign exchange student also helped give the club members an excellent view of Germany and an exciting year.

The Spanish club members had a similar year, although they concentrated on films and other activities to help increase the members knowledge of Spain and the language. Over fifty students went on a trip to a Spanish restaurant early in the year. The turnout was greater than any previous year.

John Ivanoff, Carolyn Paterson, Sue Milek, *Mrs. Schauble–Sponsor,* Kathy Perelli, Emily Serafa and Randy Pou prepare to leave for a Spanish restaurant early in the year.

Most Productive Year Yet

German Club members Sandy DeVic, Colleen Avery, Volker Bahr, Sue Kolberg, Sheila Leleszi, Darcy Royer and Sandy Adams are led in a German folk song by Cindy Hodges.

Guitar Chords Echo in Bentley's Halls

The *Folksinging Club* has been reactivated by Mr. VanHooser. This club has generated a spark of interest among the student body and now it is one of Bentley's fast growing clubs. During their weekly meetings they learn modern and traditional songs.

Secretary: Pat Gallagher, *Vice President:* Forrest Chaffee, *President:* Yvonne Elton, *Treasurer:* Tom Abbott

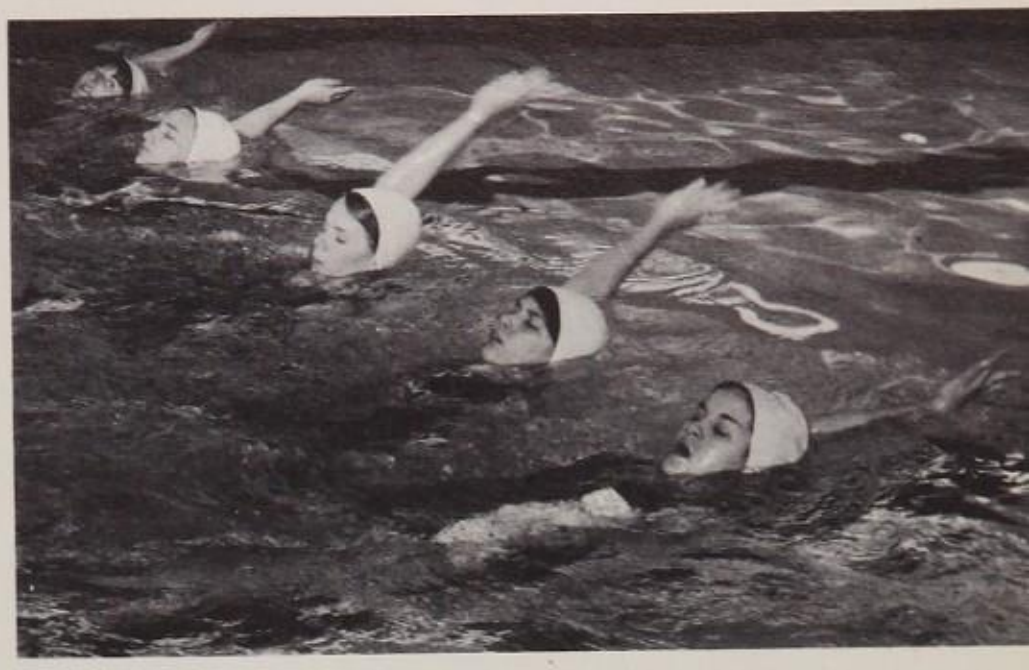
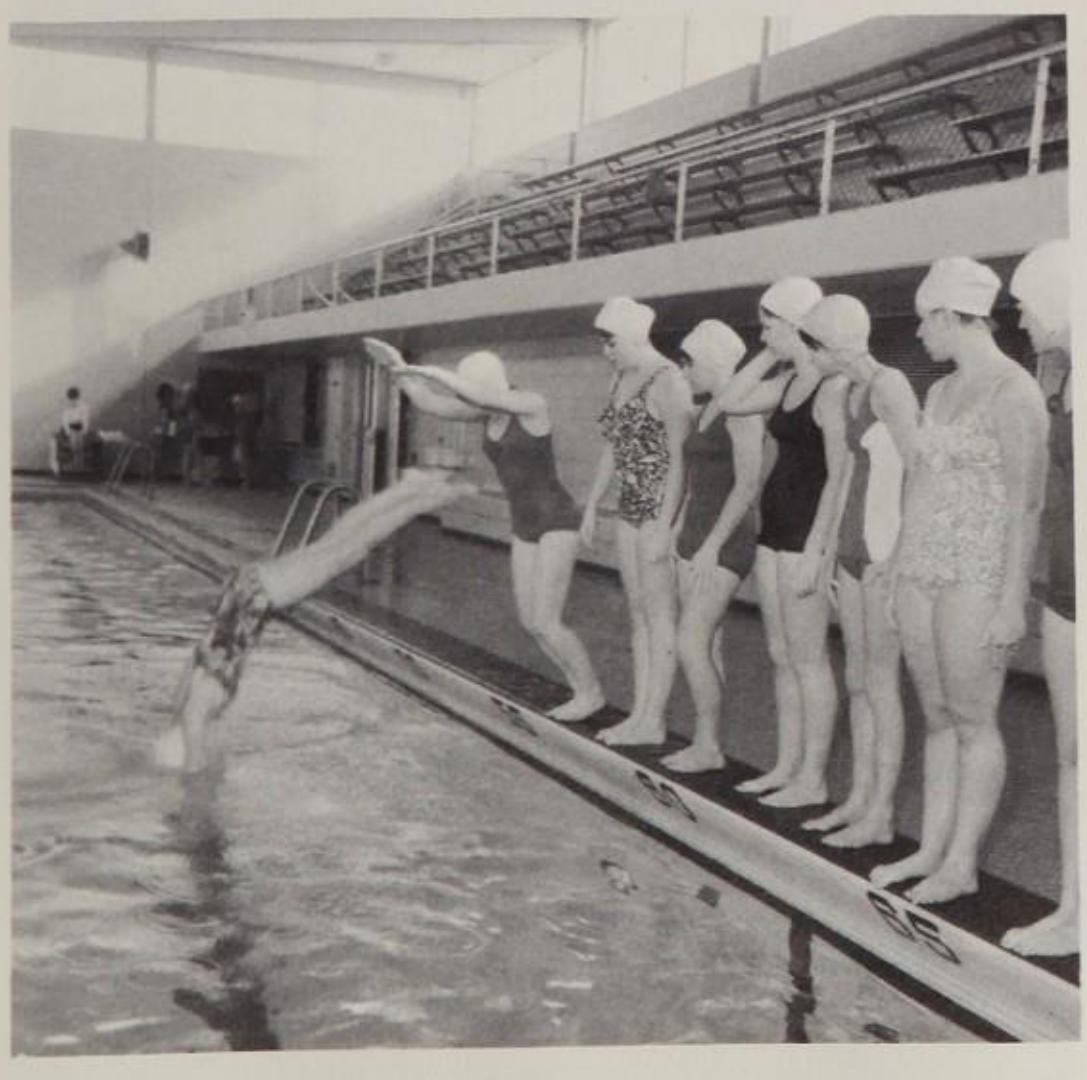
At left, Miss Lozon, sponsor of Silver Swans, discusses with Kris Johnson and Linda Adams the new techniques of high-bred swimming strokes.



Silver Swans Combine Rhythm and Movement



Silver Swans is an organization of Bentley girls interested in synchronized swimming and underwater stunts. These girls are specially selected during tryouts in October of each year. At the beginning of the school year the Swans practice pool patterns and intricate movements. Then toward the middle of the year the girls are ready to begin work on their water show which is performed in May. The Silver Swans choreograph most of the numbers themselves, as well as publicizing and sponsoring the program. This year the theme of the show was "The Night". It was shown May 1, 2, and 3rd. Working hard at making their performance the best were the officers; Kris Johnson, president; Nancy Siterlet, vice-president; and Nancy Davidson as recorder.

MUN, Debate Members Tough in Competition

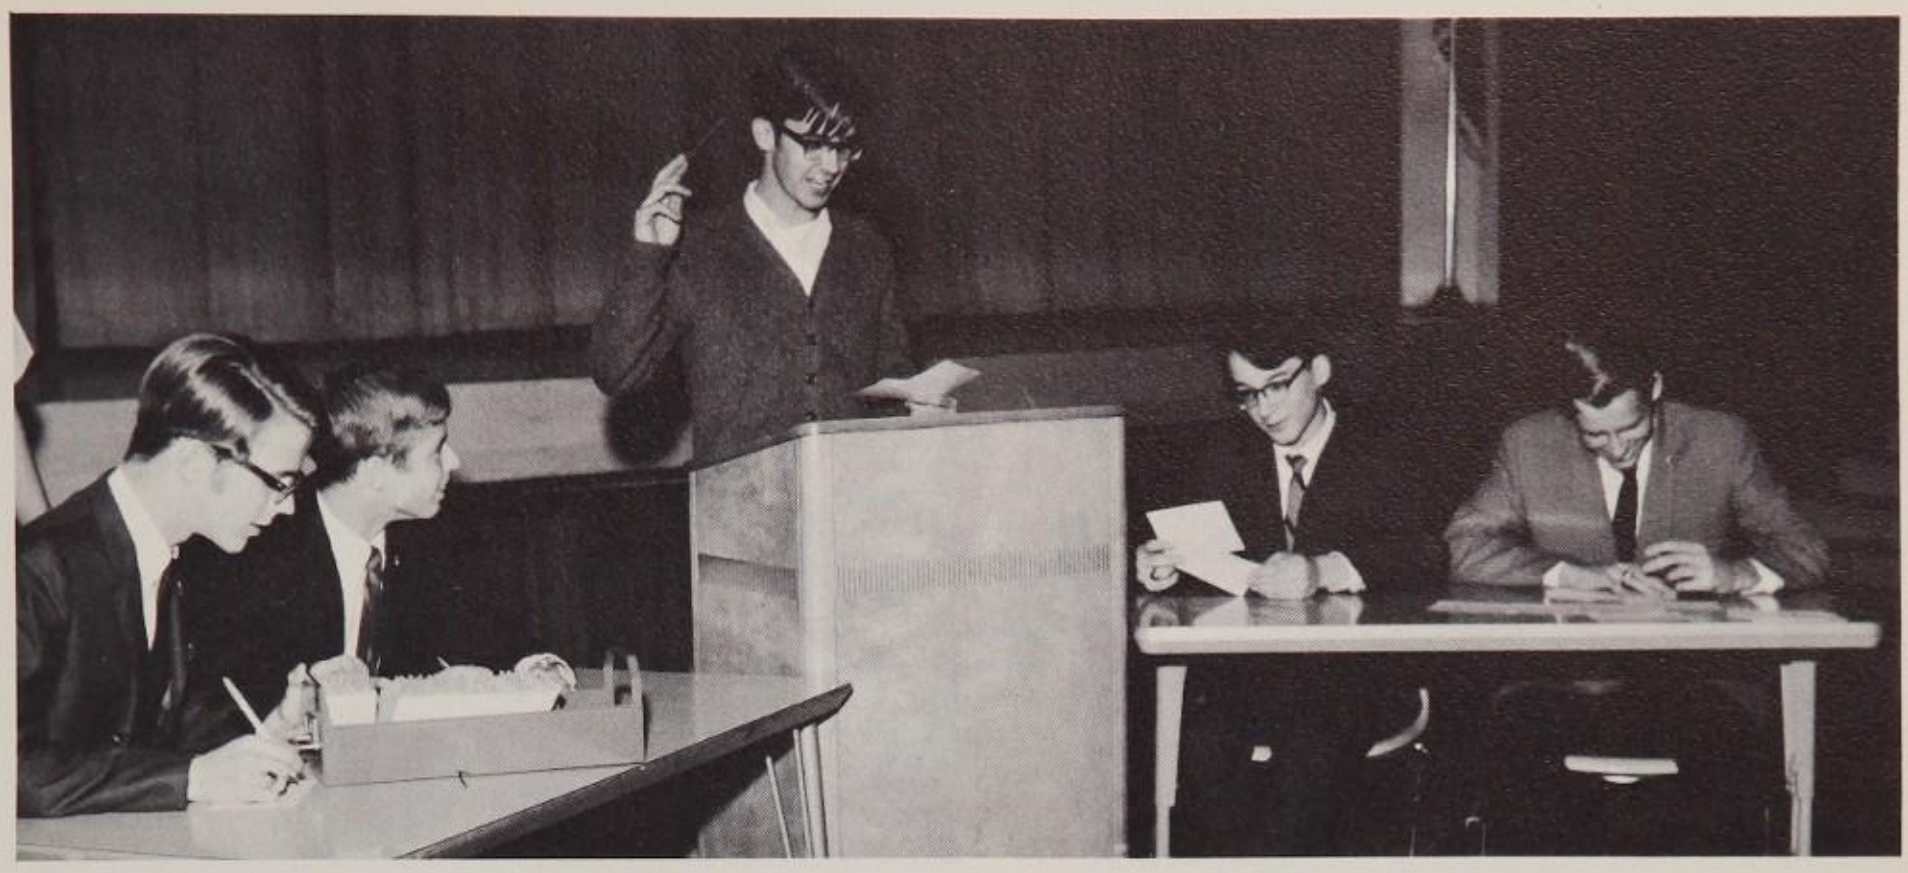
M.U.N. members, Ed Mickolus, Jeff Almburg, Mike Madden, and Phil Thomas discuss their countries' positions on an issue.

The Model United Nations Club at Bentley did a great deal of work this year. The activities began before the semester break when Bentley was sent the names of the countries it would represent by the Detroit World Affairs Council. The M.U.N. members then began research of their countries, which were: Indonesia, Senegal, Tanzania, and Turkey.

Every delegate represented his nation on one of the following questions: the situation in the Middle East, the crisis in Czechoslovakia, World Government, Biafra, or the police powers of the United Nations. After having researched their questions, the club members began attending the preliminary caucuses at high schools in and around Detroit. The climax was the final weekend in March when over 600 Detroit area students attended the General Assembly of the Model United Nations at the University of Detroit.

Not only did Bentley attend caucuses, it held three of its own during late February and March. Much of the progress made was due to its officers: Mark Wilkie, *President;* Randy Lundburg, *Vice-president;* and Cindy Hodges, *Secretary.*

M.U.N.: Randy Baidas, Cindy Hodges, Ed Micholus, Mark Friedrichs, Randy Lundburg, Mark Wilkie, Bill Myers, Carolyn Paterson, Kathy Perelli, Ivy Boicourt, Rich Bennett, Jerry Pike, Nancella Jones, Larry Kneisal, and Phil Thomas.



Ed Micholus, Phil Thomas, Mike Madden, Jeff Almburg, and Bill Myers have an intersquad practice debate in the auditorium the day before one of the regular season debates.

Ed Mickolus and Phil Thomas work on their debate file box.

Bentley's Debating Society has done better this year than any other year. Three of the debaters, Phil Thomas, *President,* Ed Mickolus, and Bill Myers attended a summer seminar on debate at Michigan State University. This enabled them and Mike Madden to get a head start on many other high schools in Michigan.

The topic for debate for the 1968-1969 year was: *Resolved that the United States should establish a system of compulsory service for all citizens.* This topic had to do with our present Selective Service System, which is one of the most pressing issues of our times.

The team put a great deal of effort into researching and developing the topic. They were rewarded with a winning season and a great deal of experience in speaking and research. The Junior Varsity debators, Ken Brown, Paul Thornburg and Dan Blake also helped to make for a fine year.

Debate: Phil Thomas, Ed Mickolus, Cindy Hodges, Bill Myers, Mark Wilkie, Mike Madden, Dan Blake, Jeff Almburg, and Paul Thornburg.

Girls on the Chase

As this year's Sadie Hawkins Dance rolled around, Bentley girls were given the opportunity to ask their favorite boy to be their date. The girls' creativity was put to the test when they made the patch or corsage for their date. Each person also used their imagination to conjure up a costume in the true Dogpatch style. In order to reward those creative people, the Junior class awarded prizes to the best dressed. The couple winning this prize was Bob Jepson and Sarah Stewart. The best-dressed girl was chosen was Carol Yakavone.

Marrying Sam made his annual appearance in Bentley's gymnasium. After taking the marriage vows, willingly or unwillingly; each couple had their picture taken as they were leaving for their honeymoon in their new-fangled automobile. In all, the dance proved to be an exciting, funfilled evening for everyone.

John Parsons and Joy French move to modern music in a setting not quite as modern; Dogpatch, U.S.A.

Linda Tarbet and Bill Kolton take time out to exchange marriage vows before Marrying Sam while Yvonne Elton anxiously waits for her turn.

To Catch Their Mate

Dogpatchers gather around the old-fashioned still, wetting their whistles with some smooth, sweet cider.

Bob Jepson and Sarah Stewart are authentice Dogpatchers, from their great costumes to their "New Country Corn Flakes".

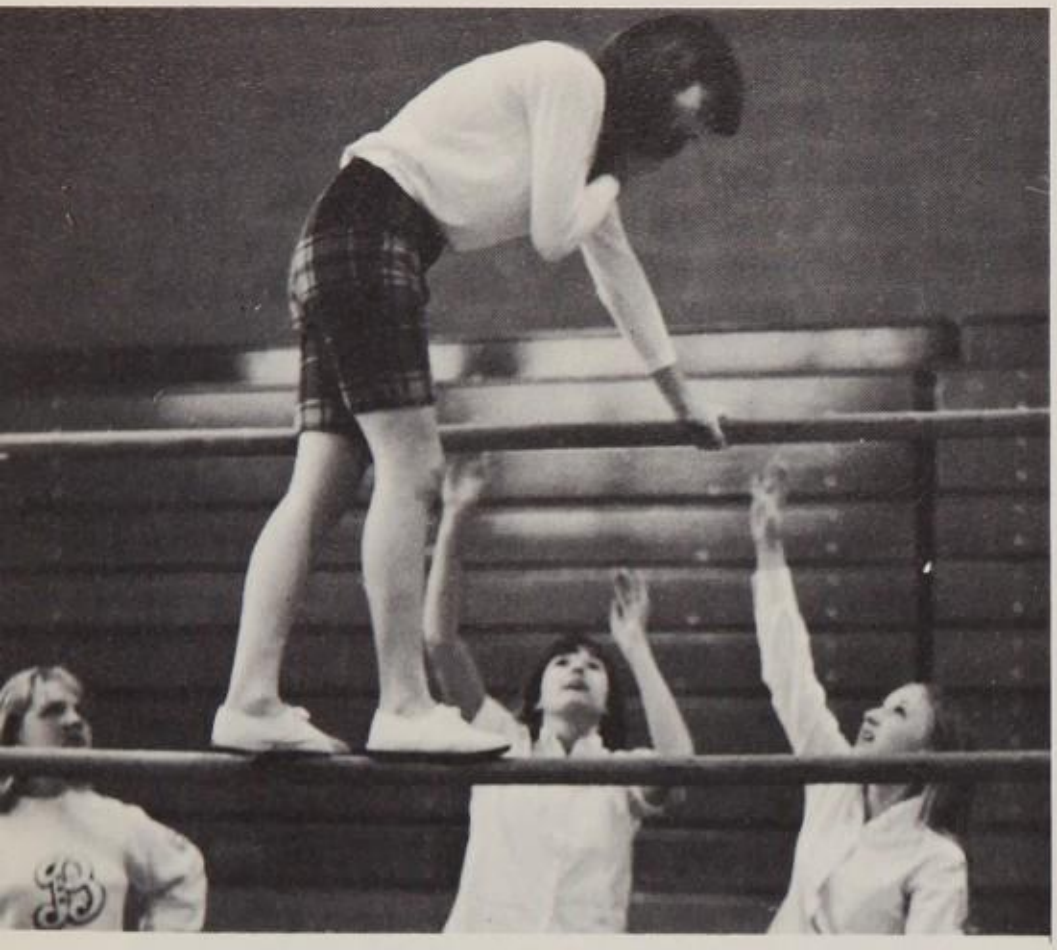
The Junior class, which sponsored the Sadie Hawkins Dance, did an excellent job decorating and planning activities for the Dogpatchers in attendance. The theme "Moonshine Time" was brought to life by using an old-fashioned still as the main decoration. The couples entered the dance through a covered bridge. The bridge and the bales of hay gave the gym a 'back in the hills' atmosphere.

Varied activities, besides dancing, ensured a cork-popping evening. Male Dogpatchers were auctioned off for their wholesale value, which at most was $1.50. Checkers and seesaws were also used as entertainment for everyone.

L'il Abner and Daisy Mae play a major role in every Sadie Hawkins Dance and it was up to the Junior Class to elect those important people. This year, Peggy Zink and Paul Cazabon were elected as representatives of those famous characters. The astounding attendance and the effort of the Class of '70 produced a great dance.

Daisy Mae, Peggy Zink finally caught L'il Abner, Paul Cazabon. Here they are, still shaky, after being wed.

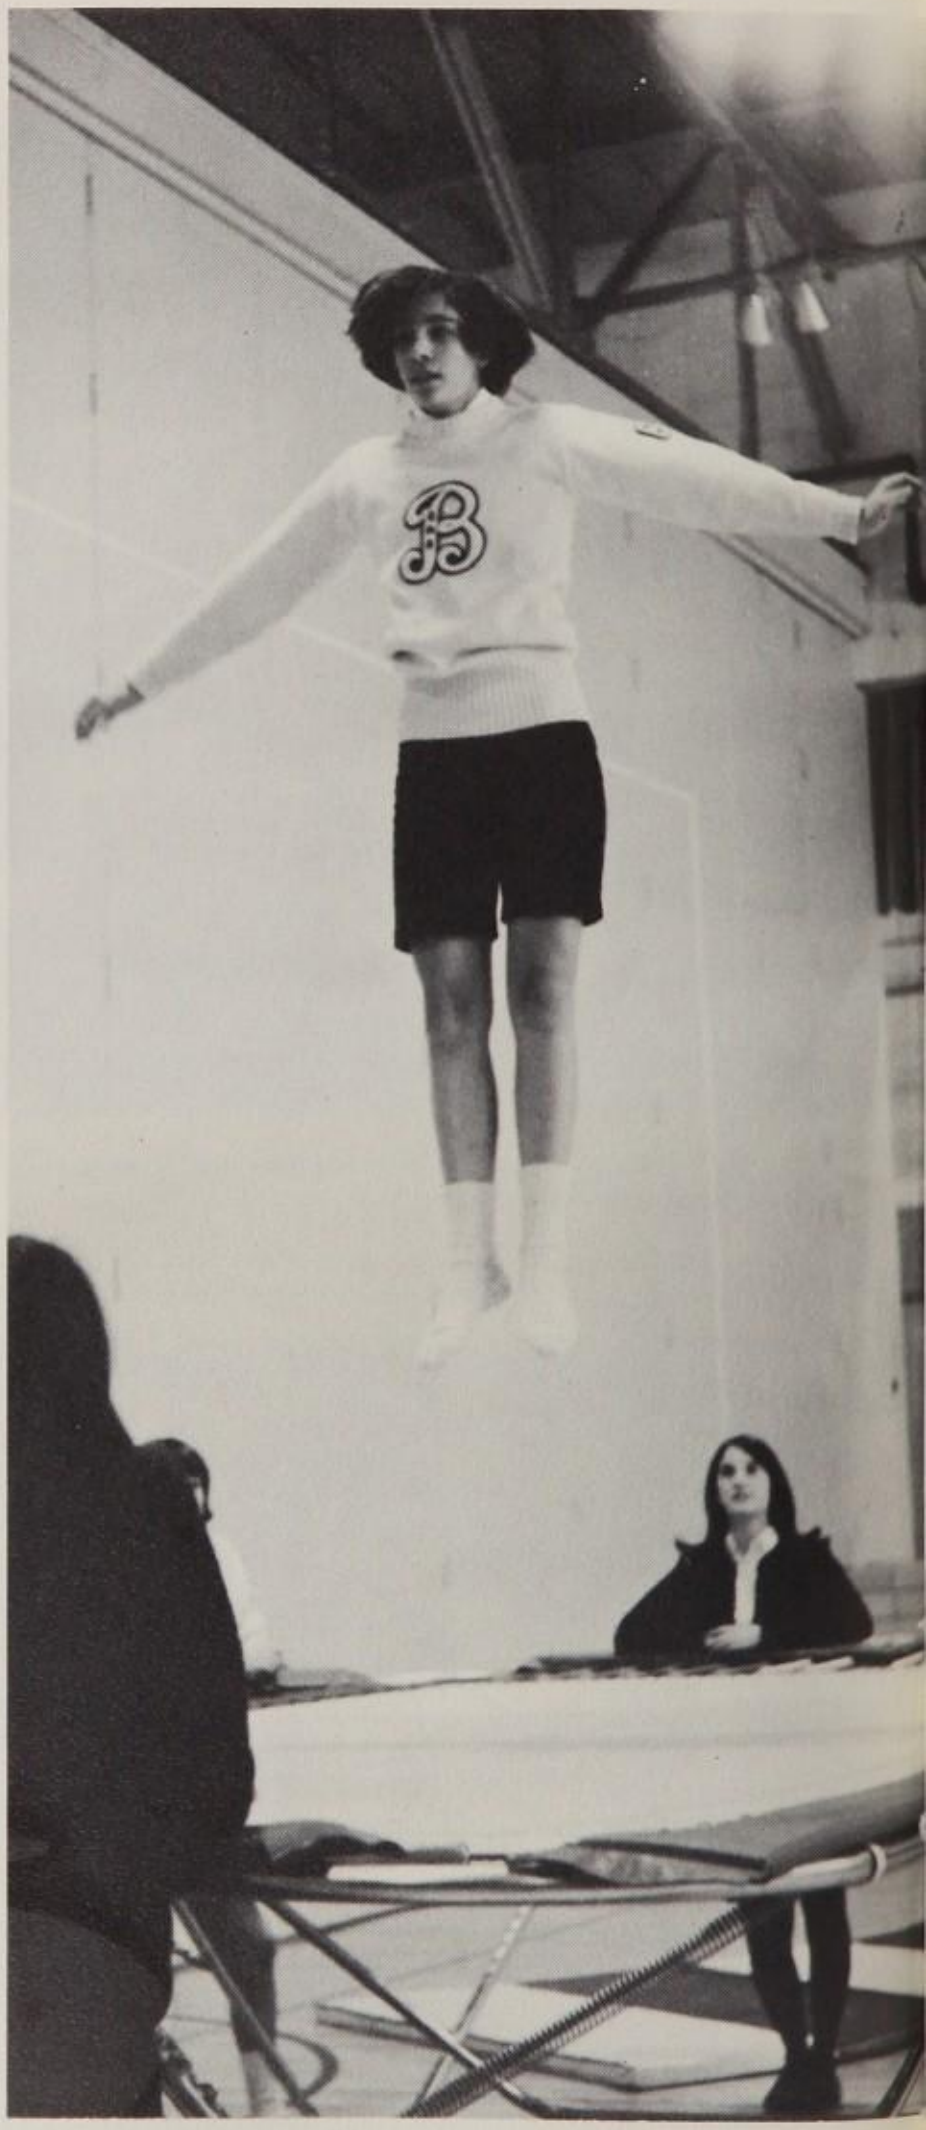
GAA, Drum and Sandal Cartwheel Toward



Wide-eyed, Donna Boregard attempts to improve her skills on the uneven parallel bars.

Under the direction of Miss Dale, girls interested in improving their athletic ability are able to participate in extra-curricular sports. Field hockey, basketball, competitive swimming, and gymnastics are among the various sports offered to all members and non-members.

This year's officers are: Debbie Stoianoff, *president,* Kathy Perelli, *vice-president,* Carolyn Paterson, *secretary,* Terry Pavlinski, *treasurer,* Donna Boregard, *publicity chairman,* and Nancy Klein as *sports head.* They sponsor not only sports events, but also charity drives for the needy of Wayne County. For example, each year these girls send fruit baskets and toys to the patients of Plymouth State Home for Christmas.



Terry Pavlinski, *treasurer,* demonstrates some of the skills of the trampoline to Pat Ramsey.

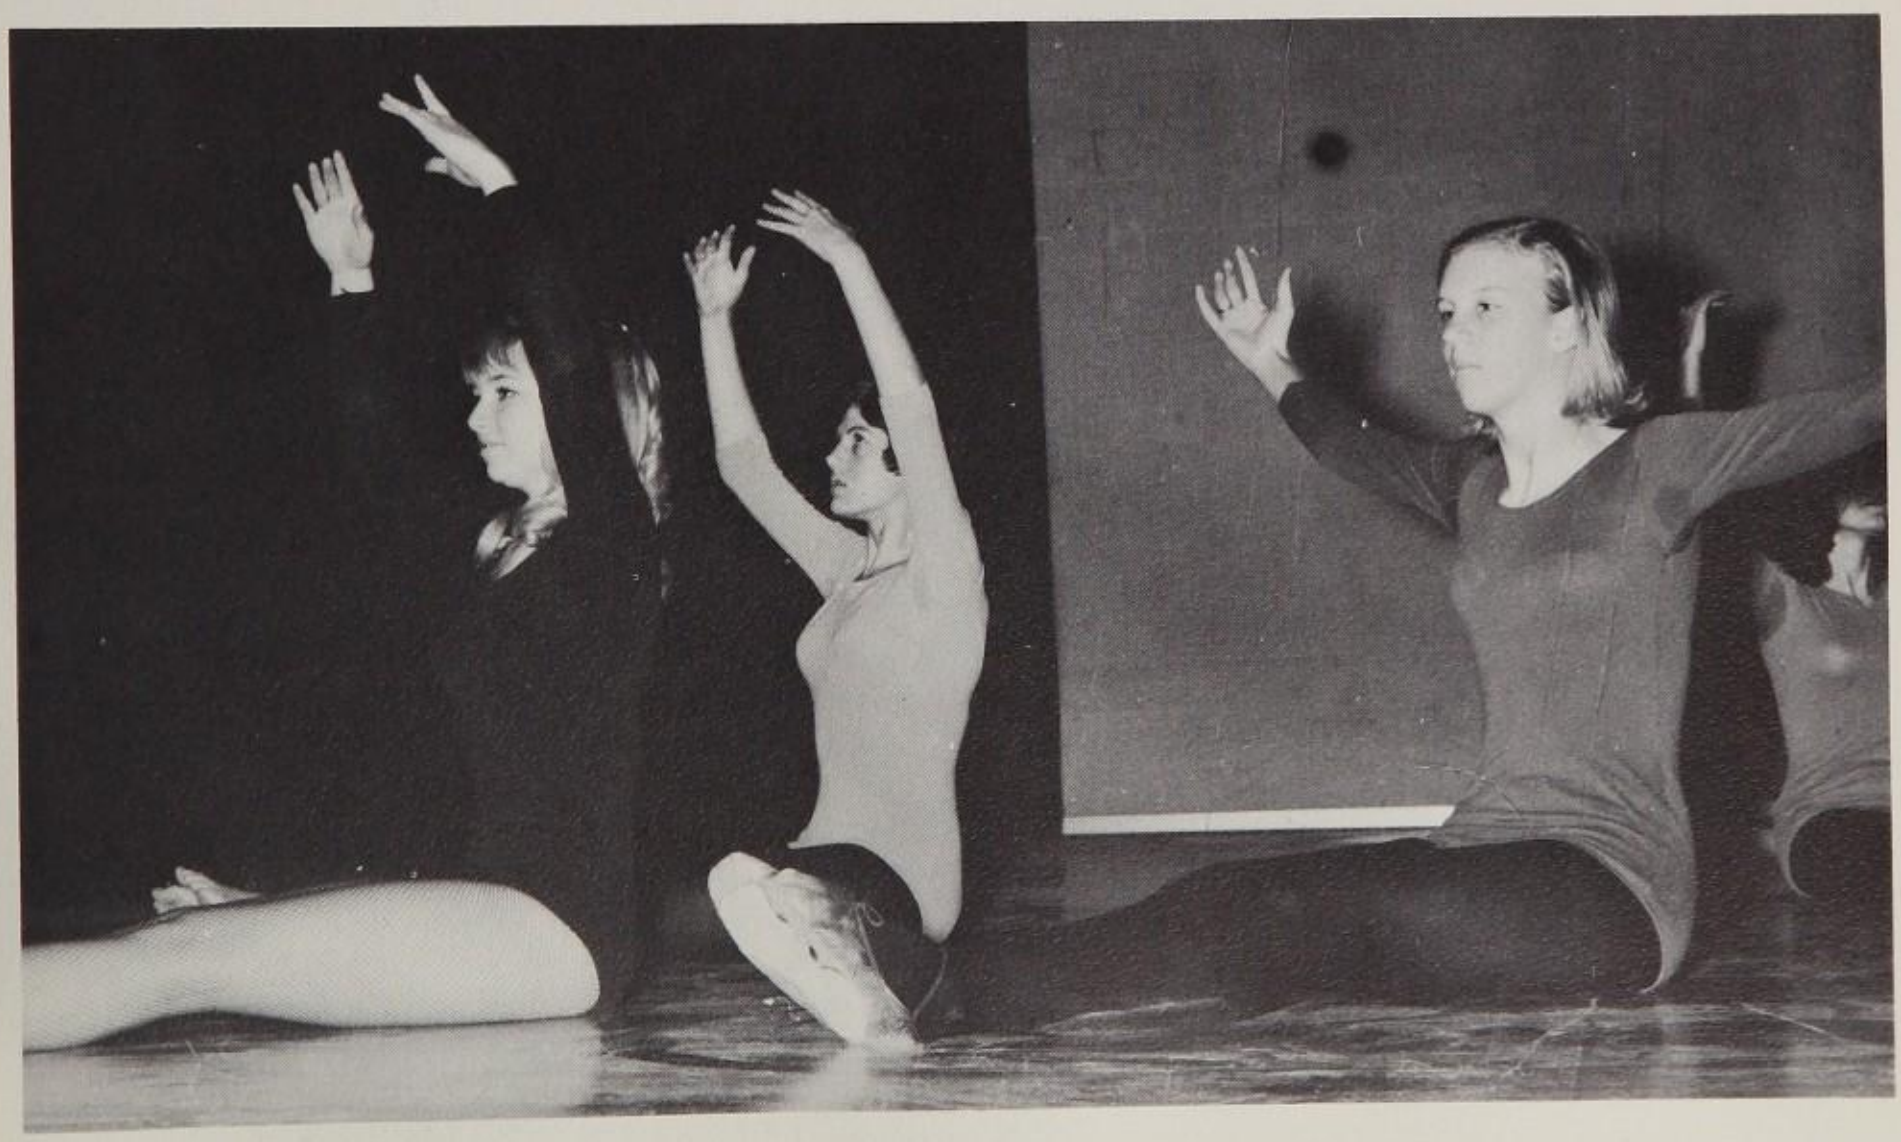
Athletic Improvements

Creativity and graceful movements are the basic goals of Bently's Drum and Sandal Club. The girls in this club have worked diligently throughout the year to perfect their skills. When they had accomplished this, they were ready to present their yearly show. Besides the show, these girls have cooperated with the Humanities section of the English Department by performing for students of these classes. This has helped Bentley students appreciate the artistic and athletic qualities of Modern Dance.

The members of this club have also planned and carried out various activities to give each of the members a chance to become well acquainted with their fellow members. A Christmas party, pajama party, and several after school events have given each girl an excellent opportunity for a successful year. This year's officers: Jan Pletcher, *president,* Brenda Smith, *vice-president,* Jan Slusarski, *secretary,* and Melva Evans, *treasurer* have worked very hard to try and make this year's Drum and Sandal Club one of the most progressive in Bentley's History.

Jan Pletcher, through practice, controls motion.

Practicing stunts for their free exercise routine are Melva Evans, Brenda Smith, and Jan Jackson.



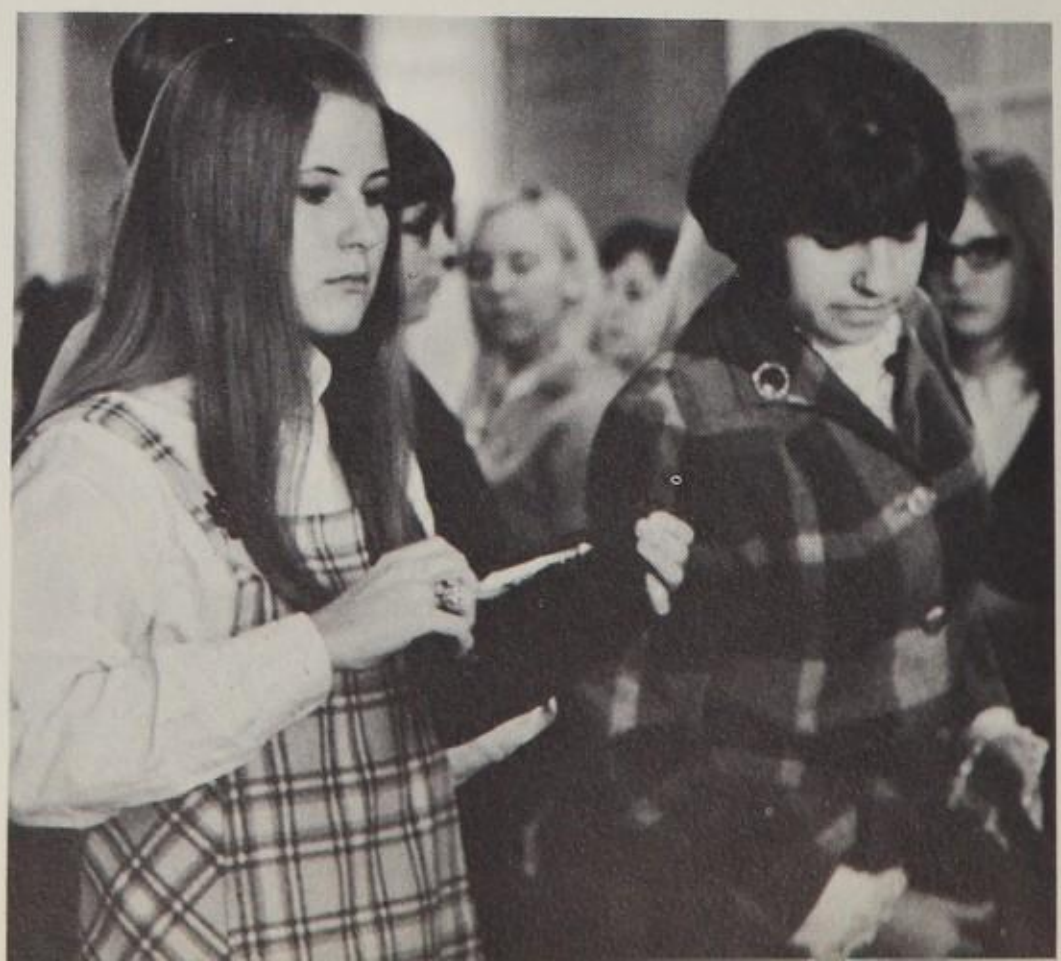
Bentley 'Belles' Host Gala Affairs

Bentley Belles: First Row: Rhonda Roberts, Pat Ramsey, Linda Renwick. *Second Row:* Mary Majeske, Nancella Jones, Connie Yelinek, Debbie Robinson, Colleen Seimbor. *Third Row:* Debie Knudsen, Marsha Roesh, Sue Milek, Jan Pletcher, Jackie Bowen, Gail Gates, Sue Tenorio. *Fourth Row:* Val Elliott, Alice Madsen, Kathy Kreggi, Debbie Grates, Jan Jackson.

Bentley Belles is an organization of girls who service the school by acting as hostesses at all extra curricular functions. The Senior and Junior Class Plays are just two of the activities that involve the Belles.

As their job, the Belles welcome guests into Bentley and usher them to the various programs. Bentley Belles is a hard-working club and does much to add to the betterment of Bentley High School. As hostesses, the Belles get an opportunity to work at many different functions and not all of these events are school activities. The girls aid the community whenever the school's facilities are in use.

Karen Morrison and Val Elliot, preparing to welcome a group of visitors.



Many Opportunities for Teachers of Tomorrow

Greg Ockerman, *Vice-President,* aids this student improve his English through individual cooperation.

The Future Teachers Club has had two opportunities to receive early experience through tutoring in the Adult Education's English program for the foreign born and by tutoring slower students at Frost Junior High School and Kennedy Elementary School. Each student contributed their time and imagination to devise their own method of helping their pupil. Flashcards, textbooks, and sharing experiences constituted the major portion of class time. The members of this club not only learn for themselves, but aid the classroom teacher by bringing the slower students up to the expected level, whereas the teacher would not have the time.

Kathy Beane, *Historian,* Yvonne Elton, Linda Melcher, *Secretary,* and Greg Ockerman, *Vice-President,* present new plans at a typical meeting with members: Debby Nelson, Judy Katz, Connie Yelinek, Lynn Nowak, and Marie Del Grosso.

Ski Club, AYH Real Outdoorsmen

The American Youth Hostel Club was started at Bentley in September, 1968, to provide to the members inexpensive outings. Among the activities included are: skiing, canoeing, sailing, and camping. In February the club traveled to the Grayling Hostel and skied at Boyne Mountain and Thunder Mountain. In the spring of this year A.Y.H. planned two conoeing trips down the Au Sable River and the Pine River.

The A.Y.H. Club is a branch of the International Youth Hostel and under the direct supervision of the Detroit Metropolitan Council. They have successfully provided healthy outdoor activities for Bentley students.

The large membership of the Bentley Ski Club can certainly vouch for the popularity of this club. Mr. Donald Miller has done an excellent job preparing all the members for the skiing trips by presenting films during December on safety. Every week in January and February forty students or more loaded on the buses to Mount Holly for a sensational evening of skiing enjoyment.

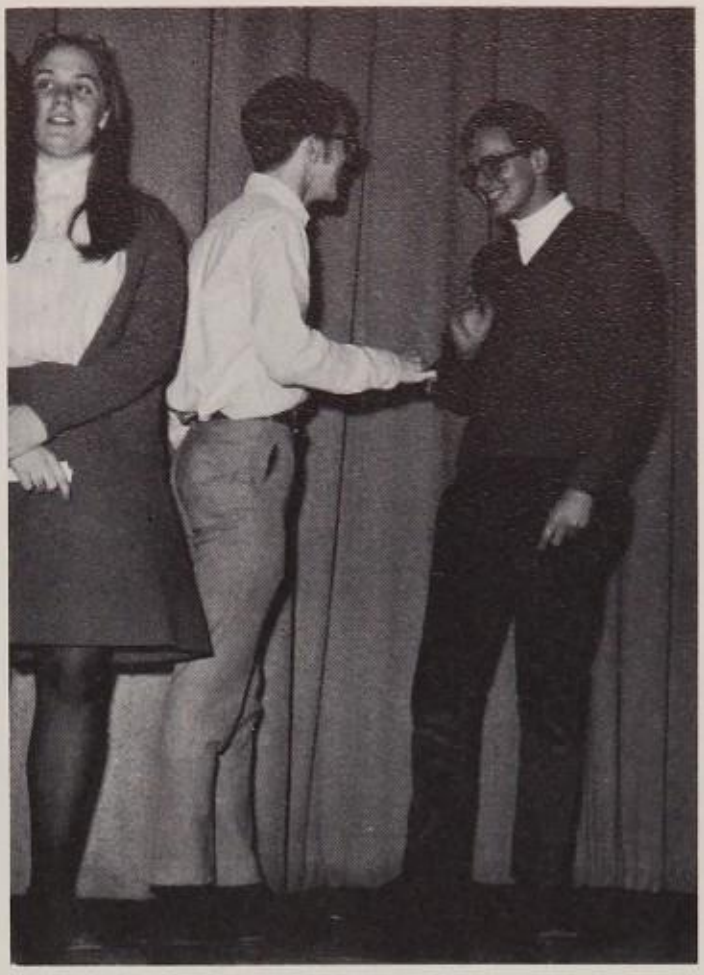
A.Y.H. officers: E. Broderick, *treasurer;* Randy Baidas, *president;* Kris Syversen, *secretary;* and Kathy Kesler, *vice-president,* discuss new activities.

Carla Dancha and Gary Verona recall fond skiing memories with co-sponsor Mr. Larry Dove while they wait for the Ski Club bus.

Dennis Slotnick and Bob McDonald arrive with their equipment to board the Ski Club bus bound for Mt. Holly.

Masque & Mike Members Show Enthusiasm

Tom Paterson, Cindy Hodges, and Nancella Jones practice their one act play as Phil Thomas looks on.



Alice Muciek, Ed Mickolus, and Jerry Pike act out a scene in the auditorium after school.

Chris Coleman, Cindy Hodges, and Tom Paterson show great enthusiasm during a rehearsal.

The Masque & Mike Club members worked quite hard this year. During the first semester they were responsible for the recording and broadcasting of the morning announcements. During the second semester other clubs and organizations were given the opportunity of giving them under the supervision of the club.

Aside from delivering the announcements, the Masque & Mike Club also put a great deal of effort into the dramatic arts. With the help of their sponsor, Mrs. Perry, and President Jerry Pike, the club was always provided with a great deal of material to work with.

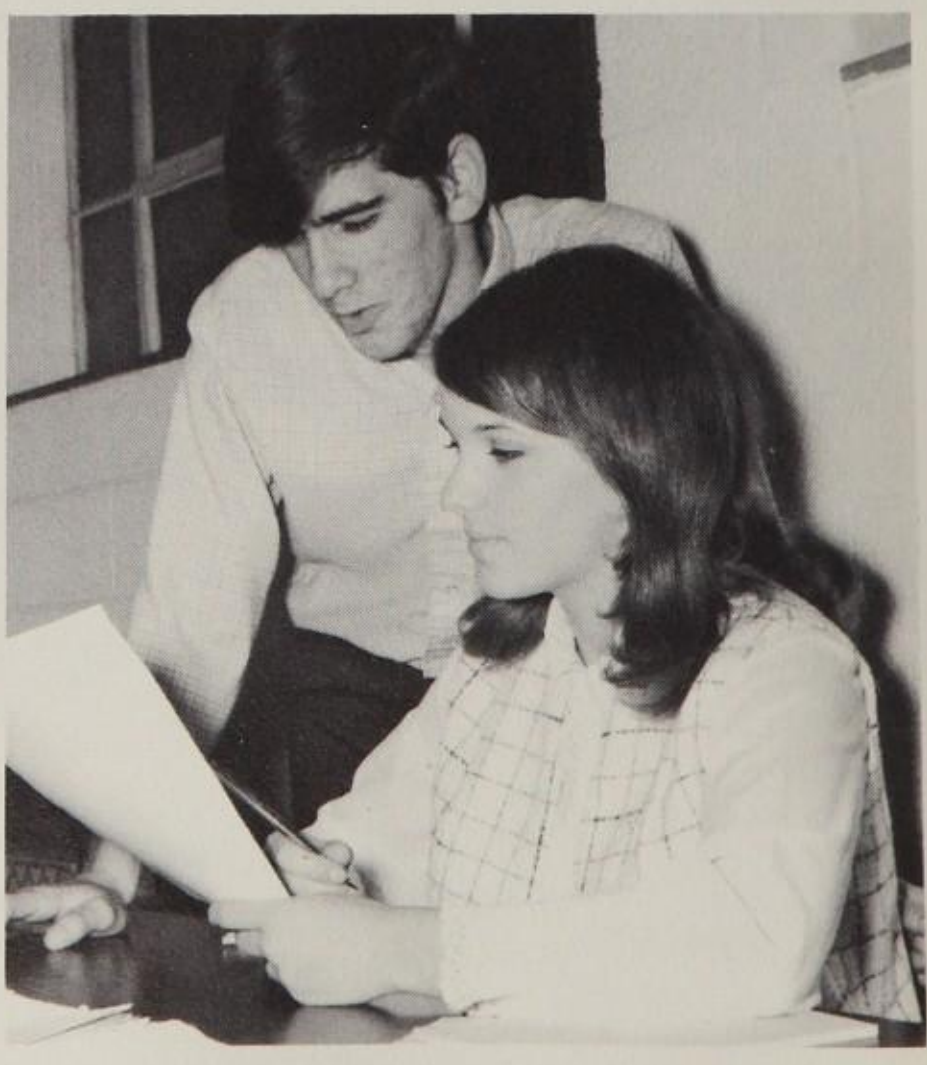
Spirit Club — Part of a Moving Tradition

Spirited Bentleyites paint one of the many signs to be put on the corridor walls and later carried on to the game.

The Spirit Club is responsible for rallying all support of our team at both the games and the frequent pep assemblies. This year, president, Dale Pingley and secretary, Terrie Yeats, along with active members introduced some new ideas for increasing Bentley spirit. One of these new projects is a large stationary sign which typifies the pep all Bentley students have. Also for the second consecutive year the Spirit Club has used flashcards to show Bentley's adversaries the spirit as well as the determination we possess.

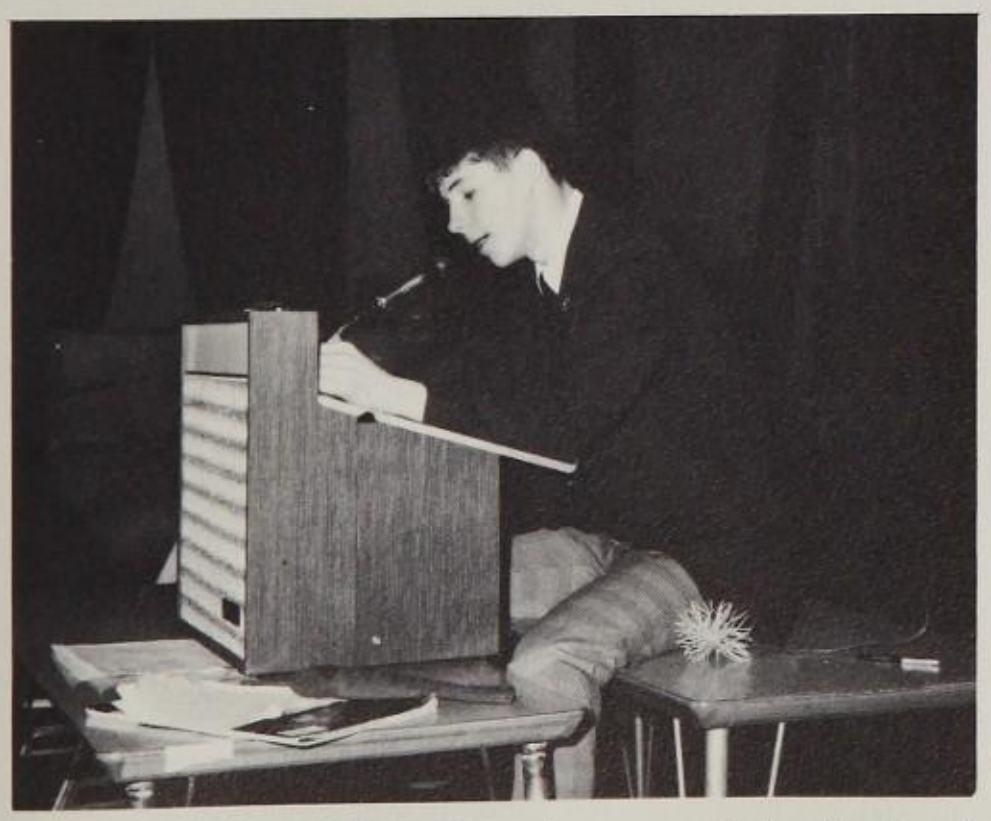
The Spirit Club has the added responsibility to award the Spirit Jug to the class which exhibits the most school enthusiasm. The judging is based on three categories: the largest advance ticket sales, the largest number of students wearing green and white on a certain Friday, and the loudest cheering at a pep assembly by one class. Once again the Seniors won the Spirit Jug in an all around close competition.

Dale Pingley and Terrie Yeats discuss plans for Spirit Club.



Forensics Develops Speaking Technique

Forensics members, Cindy Hodges, Paul Soehnline, Jeff Almburg, Bill Myers, Ed Mickolus, and Phil Thomas discuss a practice reading.



Paul Soehnline gives a Radio News Commentary during the Forensics program late in the first semester.

The Forensics Club's primary concern is developing speaking technique and continuity for the club members. That goal was achieved this year. Many members were able to compete with other high schools at the District tournament with high proficiency.

The Forensics categories this year were: Declamation (Sophomore only), Humorous Interpretation, Serious Interpretation, Multiple Reading, Oratory, Extemporaneous Speaking and Radio News Commentary. Bentley students were given a chance to hear these categories at the annual Forensics presentation during the English classes first semester.

Senior Spirit Surges Forth

The Seniors of 1969 are leaving behind the greatest record in Bentley's history. They have created and captured the Triple Crown by winning the float competition, spirit jug and Ugly Man contest. Added to their list of accomplishments is the feat of being the first class in almost half a decade to win both the Homecoming float and Ugly Man twice.

President Gary Appelblatt, his officers and the Cabinet provided the leadership and drive to compel their class to strive for school spirit, unity and participation. This was reflected in the production of the Senior Play, "The Curious Savage." The highlight of the year was the memorable Senior Prom, held at Lovett Hall. The Mayflower Inn was the scene of the exchange of nostalgic memories, the Senior Banquet.

As Commencement draws near, Seniors anticipate advancing into the future. Their record of excellence will leave an impression in the halls of Bentley. They hope that the knowledge and experience gained in their three years will be equalled by future graduating classes.

First Row: D. Capeling, G. Appelblatt, B. Osburn, S. Duprey, K. Cowall; *Second Row*: M. Young, B. Kolton, G. Miles, S. Fitzsimmons, S. O'Brien, D. Wagstaff; *Third Row*: D. Rouse, M. Nader, C. Ashworth, J. Landry, R. Baidas, I. Boicourt; *Fourth Row*: K. Syverson, C. Hitter, L. Cyr, D. Wolfe, J. Almburg, K. Densmore; *Fifth Row*: R. Calvaroso, K. Siembor, K. Dilworth, K. Cannon, T. Takahashi, M. Stahl.

The dramatic highlight of the year was the 1969 Senior Class Play, "The Curious Savage". Under the able direction of Mr. Robert Luchetti the talented '69ers displayed true comic talent. Mrs. Savage, portrayed by Peggy Moore, was a warm and very real person. Her children, Kathy Cannon, Mike Clozza, and Ken Lyon, as first class villains, gave interesting performances. In supporting roles as inmates were Gary Appleblatt, Nancella Jones, Alice Muciek, Cindy Hodges, and Jim Roshirt. Hospital staff members were Kathy Perelli, and Bill Kolton. Adding to the originality of the production were Student Director Randy Baidas and Student Producer Arleen Quarfoot.

Glaring intently, Cindy Hodges expresses her dislike for Ken Lyons and the disturbance he created. *Below:* In an effort to ignore their chaotic surroundings Jim Roshirt, Gary Appleblatt, and Alice Muciek pursue quiet diversion.

Backstage Jean Lefstad assists Peggy Moore with her make-up.

Exasperated by the actions of the Savages, Cindy Hodges flopped to her knees to pick up the scattered cards.

Senior Play Moves With Savage Delight

Nobody knew where Mrs. Savage had hidden the bonds. When Peggy Moore finally removed the bonds from their hiding place in her Teddy bear, the inmates were astonished. In the eyes of the Savage children, Ken Lyon, Kathy Cannon, and Mike Clozza; only greed glimmered.

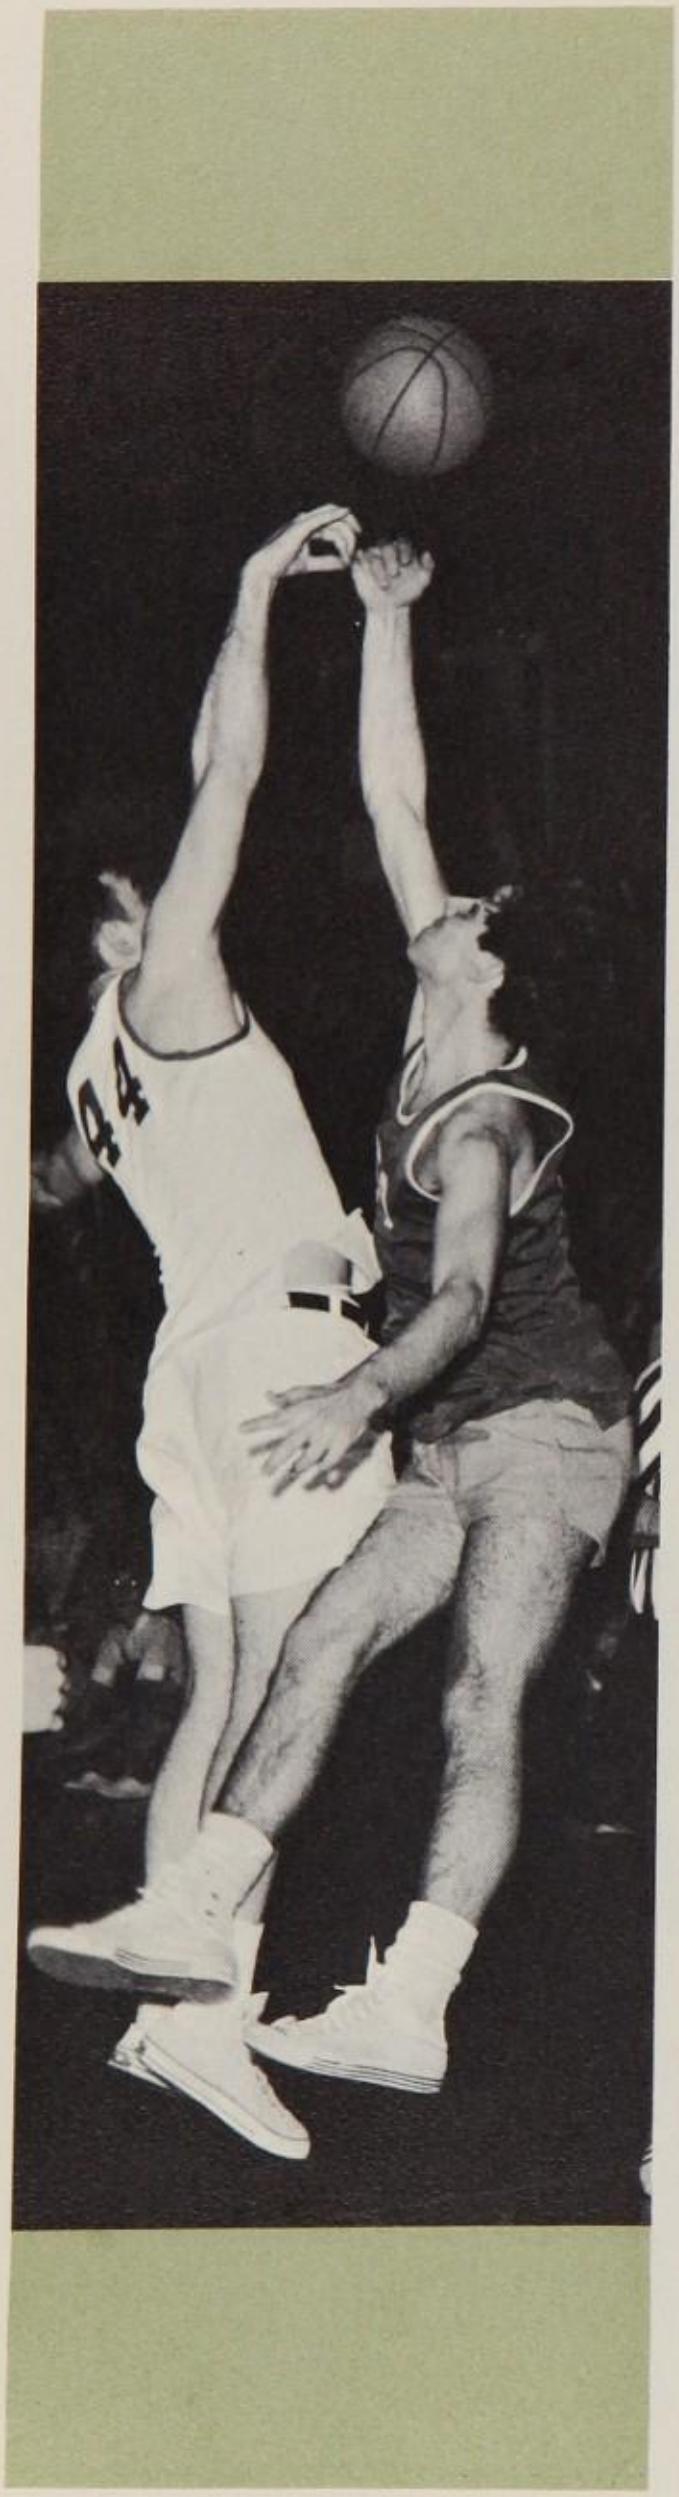
Faculty Flails Senior Stars

The close of the first semester was sparked by the traditional Senior-Faculty Game. The beginning of the evening was devoted to an athletic battle between the Senior girls and the women faculty. As the girls moved out onto the court it was evident to all present that skill and determination were the by-words of this year's dynamic Senior team. Under the able coaching of student Carole Ashworth, the girls once again proved the experience of the faculty women was no match for the youth and vitality of the '69ers. It was a grueling battle with the girls triumphing over the faculty by a score of 10-9.

The climax of the evening was the duel between the Senior and Faculty men. In an admirable attempt to overwhelm the frail and senile faculty, the stupendous Seniors put forth a determined effort to succumb their foes. Yet, history repeated itself as the faculty vanquished their Senior rivals 53-43.



First Row: L. Joiner, M. Burley, A. Whitefield, E. Nelson, F. Fedraw; *Second Row:* D. Kucharek, L. Dove, R. Foster, M. Garvey, R. McGee, J. Reeves.

Left: Bob Jepson kindles spirit in fellow cheerleaders Dan Acosta, Rick Simpson, Rick Demonte, Jack Schramm, Paul Mankin, and John Krizan. *Below:* Teammates, Karen Belko and Sue LaFever, combat the women's forces of Mr. Nelson and Miss Golding, under the close surveillance of Referee Burley.

Time is the one thing which everyone has been given an equal chance to utilize. Time which is wasted can never be recovered. There will not be another today. The time you waste is lost forever. Lost with the time are the benefits from life which could have been attained. Life's benefits are only a result of the time which you put forth towards them. If you want the most out of life, you must use your time as wisely as you know how. Once it is lost, time can never be replaced. Do not waste it!

The Harrison-Moore Story...

Chester G. Moore

is one that typifies our American Heritage. Its formation not only merged two established Detroit families of long standing but also combined their many years of experience and know how in the real estate and mortgage field. They are recognized today as one of the leading realtors in the Wayne County, Oakland County area. Even from the beginning their success was rapid and their growth was steady. They now operate three offices. Harrison-Moore's newest building pictured below is considered to be o model of the real estate office of the future. This building was made possible by the confidence placed in the Harrison-Moore Company by the people in the communities they serve.

Dan B. Harrison

The Home Sales Tour

The home sales tour is an extra you get with Harrison - Moore. This tour enables every member of the sales staff to physically inspect every property that comes into the office. After actually seeing the property they

are able to speak more intelligently and to quote facts more authoritatively to prospective purchasers. This enables every Harrison - Moore salesperson to select a home fully suited to the buyers individual needs.

A Well Trained Active Sales Force

When you have found the home you have been searching for, you will be amazed at the ease with which your purchase is completed, from the time of your initial deposit until you are handed the keys.

We pride ourserves at Harrison-Moore in giving you the feeling that

"We Care"

The growth and success the Harrison-Moore Realty has experienced and enjoyed over these years can rightfully be shared by its many home owners and associates . . . for without their loyalty . . . without their criticism . . . and most assuredly — without their praise the Harrison-Moore Story could not be told.

In Memory

Mr. Lonnie Brashear

The 1968-1969 school year at Bentley witnessed the passing of Mr. Lonnie Brashear, Livonia Board of Education member and father of three Bentley graduates. His loyalty and interest in the youth of Livonia was evidenced by his more than ten years of active service as a Board Trustee. The letter which appears below was written by Suzanne Brashear.

Fellow students and teachers,

There will never be enough words to express my gratitude and sincere thanks for your kindness and sympathy. To those who knew my father, I extend my own sympathy, for all who knew him will never be free of his memory. But this is as it should be. And for those who were not so fortunate I will tell what will be of most importance to you now. He judged himself harshly, but he never used those high standards in judging others. He was a man of the law, but he didn't rule with a law book and he was a man who merged his heart with his mind when thinking of young people, although I must confess, his heart led him most often.

My dearest thanks,
Suzanne Brashear

Donna,
you have a quiet but yet
vivacious personality, your
spontaneity, capabilities and
compelling good looks should
win you the prizes you seek.
Best wishes in the 1970's plus,
I'll always miss those fine
tomatoes. Bentley's loss is someone
elses gain
Mr Acosta

actually gonna graduate? Remember what stupid little teeny-boppers we used to be? We've come a long way since Mr. Craig's room in 7th grade. Never forget all the concerts, baseball games, Plum Street, swimming, the stupid vegetable stand and all the other great times we've had together. I wish you the best of luck always and hope you meet the right guy!

Love,
Ems "69"

Donna,
I've known you
for 3 wonderful years,
but it really feels
great to be getting
out. Good luck
in your future.
